June 3, 2014

8. **REPORTS OF ADMINISTRATIVE OFFICERS**

- o Senior Citizens
- o Community Service - *Report*
- o Fire Chief
- o Police Chief - *Report*
- o Engineer/Streets/Public Utilities - *Report*
- o Finance Director – May Financials
- o City Manager - *Report*
- o Mayor
- o Parks & Recreation Board
- o Law Director

9. **THIRD READINGS**

**Resolution 12-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an amended Agreement with CTI Engineers, Inc. to Provide Professional Engineering Services for the Wooster Street Water Management Improvements.

**Resolution 13-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an Amendment to the Agreement of Cooperation with the Board of Stark County, Ohio Commissioners for the CDBG Program.

10. **SECOND READINGS**

**Resolution 14-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an Amended Agreement with Environmental Design Group for Environmental Site Assessments for Cherry Street/Locust Street

11. **FIRST READINGS**

**Resolution 17-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an agreement with Risinger & Associates, Inc. for a Feasibility Study to Develop a Recreation and Community Center

**Ordinance 16-14:** An Ordinance Amending the Traffic Code of the Codified Ordinances of the City of Canal Fulton, OH in order to create Regulations Regarding Parking of Vehicles within the City and Adding Chapter 351.17 Entitled Residential Parking Prohibitions and Repealing and Ordinances in Conflict Therewith.

**Resolution 18-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to Enter into a Contract with CCI to Develop Construction Plans for the Erie Avenue Storm Sewer Extension Project.

12. **P.O.s**

P.O. 9920: to Northstar Asphalt, Inc. in the amount of \$20,260.00 for Repair Beverly/Locust Intersection and Towpath Ave

P.O. 9921: to Lawrence Township Trustees in the amount of \$67,018.40 for the purchase of Tornado Conference – shared Cost with Lawrence Township & Grant

P.O. 9922: to CTI Engineers, Inc. in the amount of \$3,000.00 for Wooster Street Storm Sewer Project revised contract per Resolution 12-14.

P.O. 9273: to Multi Vendor in the amount of \$10,000.00 for the purchase of Asphalt for Paving Roads

13. **BILLS** - \$402,220.98

14. **OLD/NEW/OTHER BUSINESS**

15. **REPORT OF PRESIDENT PRO TEMPORE**

16. **REPORT OF SPECIAL COMMITTEES**

17. **CITIZENS COMMENTS – Open Discussion (Five Minute Rule)**

18. **ADJOURNMENT**

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
May 20, 2014**

**CALL TO ORDER**

Mayor Harbaugh called the meeting to order at 7:00pm.

**PLEDGE OF ALLEGIANCE**

**ROLL CALL**

Mayor/Council Members Present: Richard Harbaugh, Linda Zahirsky, Scott Svab, Sean Craney, Danny Losch, and Sue Mayberry. Nellie Cihon arrived at the meeting 8:00 pm due to a prior commitment.

Others Present: City Manager Mark Cozy, Council Clerk Teresa Dolan, Service Director Dan Mayberry, Police Chief Doug Swartz, Fire Chief Ray Durkee, and Finance Director William Rouse

Others Present: Chell Rossi, Jim Deans, Joan Porter, Kathy Snyder, Tiffany Craney, Chuck Clark

**REPORTS OF STANDING COMMITTEES**

Danny Losch reported that the Safety Committee met prior to the meeting to discuss parking on Summer Evening. Discussed during the meeting was a truck parked on the street posing a safety hazard. Time zone parking was discussed as a possible solution. Department Heads will look into solving with signage.

Scott Svab reported that the Finance Committee met prior to the meeting and discussed the three year financial forecast. The meeting was short and there will be discussion in regards to this at the next finance committee meeting.

Sean Craney reported that the Economic Development Committee met prior to the meeting. Discussed were the Canal Fulton City Park and the YMCA. Due to the meeting being cut short the Economic Development Committee will need to schedule a meeting in the near future.

**CITIZENS' COMMENTS – AGENDA MATTERS (Five Minutes per Individual – No Yield)**

None

**CORRECTING & ADOPTING THE RECORD OF PROCEEDINGS**

May 7, 2014

A motion was made to approve the May 7, 2014 meeting minutes by Linda Zahirsky, second by Scott Svab.

Sue Mayberry asked that on page two, fourth paragraph down, Mrs. Mayberry needed to be changed to Mrs. Zahirsky in regard to the sentence about letting the building collapse.

All Council Members present voted yes. Motion approved.

**REPORTS OF ADMINISTRATIVE OFFICERS**

Senior Citizens – Kathy Snyder reported on events at the Senior Center. Mrs. Snyder talked about the image problem at the Center. The landscaping has been left in disarray and she would like to get the problem corrected. Quotes have been sought after and she asked Council to consider helping out. Mrs. Mayberry said that the group that she is involved with may be able to help. Mrs. Snyder said that the bushes are so overgrown in the front that it has become a safety hazard.

Community Service - A report was included in the packet.

Fire Chief – A report was included in the packet. Fire Chief Ray Durkee reported that annual hose testing is going on. Chief Durkee said he had talked with the Red Center and the reasoning they do not want to handle the tornado sirens. The dispatch center does not want the added responsibility on them. They would have

**CITY OF CANAL FULTON**  
**CITY COUNCIL MEETING MINUTES**  
**May 20, 2014**

to monitor the weather patterns online and feel that this would be too much to follow while doing their regular duties. Lawrence Township Fire Chief Stewart felt the same.

Police Chief – A report was included in the packet. Police Chief Doug Swartz reported that officers recently helped with a seat belt challenge. Chief Swartz commended Officers Josh Barabasch, Sara Wilson and Rob Stetka with their help with a bicycle check held for the Community Health Day. The weather was bad so the event was moved from Heritage Park to Lawrence Township. Chief Swartz is hoping the event is larger next year.

Chief Swartz also recognized Officer Sara Wilson and her recent VFW recognition.

Chief Swartz commended Finance Director Bill Rouse and his keeping the Chief on pace. Chief Swartz said he will not be in attendance for the next Council meeting.

Engineer/Streets/Public Utilities – Engineer Bill Dorman reported that at this time he is working on the Locust Beverly Intersection project. They are looking at getting 80% matching funds as well as participation by Campbell Oil.

Water and Sewer projects on Locust Street are proceeding. Survey is about to begin.

Locust/Cherry Intersection they have been assisting with that as needed. There has been identified by ODOT a request for additional environmental studies at three properties that will be affected by the intersection. This was not in the original scope of services. Mr. Cozy has received a request for a contract modification for this work in the amount of \$5,550.00. Mr. Dorman said he did talk about this during the interviewing process.

The Engineer is also assisting administration on the Locust Street Sidewalk Project and grant applications.

A Service Director's report was included in the packet. Service Director Dan Mayberry reported the work on the Wooster Street Storm Sewer project began late last week. Wenger Excavating should be completing their work at the end of the week and restoration of the yards and streets will begin. The project is moving alone smoothly.

Linda Zahirsky asked if Lawrence Township was helping with the Chip Seal program and alley work. Mr. Mayberry said no, it is just our crew. We will repair alleys.

Mrs. Zahirsky asked about the dog park. In the large dog park, severe flooding happens. Is there anything we can do to build that up. She understood that a dog got sick from drinking the water. Mr. Mayberry said he would look into it. She also asked if the water could be turned on now. He said yes.

Bill Dorman said he wanted to add on that they are relocating a gas line to facilitate work on Wooster Street.

Finance Director – April Financials were included with the packet. Finance Director William Rouse thanked Chief Swartz for the kind words. He said the feeling was mutual. He also wanted to say that he was coming up on his one year anniversary in his position. He wanted to let Council and the Mayor know how appreciative he is of the opportunity that they have given him. He is very thankful that they chose him. His family is also.

He said that one of the bigger things in April our income tax collections had been up about 5 ½ to 6%. April was not a good collection month for us. Coming out of April we are still up for the year but it is about 1 ½% over all. They can fluctuate from one month to the next. If we have one withholding payment come in a day late, it skews the reporting numbers. Sometimes with taxes it is best to look at them quarterly. His guess is looking at last year for April he thinks it is going to stabilize in May.

April invoice listing of the bills is higher than normal. We had a lot of tax refunds this month and property insurance premiums.

A motion was made by Linda Zahirsky to approve the April Financials, second by Scott Svab. All Council Members present voted yes. Motion approved.

**CITY OF CANAL FULTON**  
**CITY COUNCIL MEETING MINUTES**  
**May 20, 2014**

City Manager – Mr. Cozy reported on the St Helena II project in regards to the protective covering. Jim Guest and he met and went over proposals. He asked Council how they wanted to proceed. Mrs. Mayberry said the boat is in the flood plain, and the structure will be built to protect the boat will it withstand the flooding situation? Mr. Cozy said it is not in the floodway. The Engineers are aware that it is in the flood plain so it has to be constructed accordingly. Danny Losch said he understood it was a study on what type of structure it would take to protect the boat in its present position. Mr. Cozy said the end result is design plans. Part of the process is the engineer will interview us to discuss what we would like to do. We may have a couple of sketches to look at. Mr. Cozy said he wanted it to look nice and appealing to fit with our downtown. Jim Guest is going to the Ohio Canal Society and he anticipates getting a \$10,000.00 grant from them and we can use that as a local match and go to the Ohio Erie Canalway Association for a grant to build the structure. This could likely be accomplished next year. Mr. Losch said he wanted to point out that we needed to protect the boat. He was hoping that some of the committees involved would consider looking at other options. Relocating, what else could be done other than putting a roof system over the boat. Mr. Cozy said right now the way we are looking at it we would have a design plan to have an adequate shelter to put around the boat. It can be moved and built anywhere. At least we would know or have an idea of what would work. Mr. Losch asked if this design was to put a shelter on in its present position. So we would be spending money to put it in a flood zone. If the boat is relocated, there would not be that type of an issue. Mrs. Zahirsky said yes, it would be that type of an issue. The boat is deteriorating from on top. Mr. Cozy asked the Engineer how that would affect the design. Mr. Dorman said the soils and the site work are specific. They did the original support system that is there now.

Mr. Hatfield spoke to the matter. There is six to eight feet poured cement pier to hold the boat. There are stanchions also. There is a tremendous thing under that boat to hold it. It has not moved. The boat was unstable when it was pulled out of the canal. Luckily the boat is built to give. All the electric and gas lines were moved.

Mr. Hatfield said his original plan was to bring the front of the boat into the museum. He was outvoted on that.

A motion was made to hold an Economic Development Committee Meeting on May 27, 2014 at 6:00pm to discuss the design of a structure for the St. Helena II and the Canal Fulton City Park development by Sean Craney, second by Linda Zahirsky. All Council Members present voted yes. Motion approved.

Mr. Cozy talked about the transportation alternatives grant application. He did get a revised proposal from Dave Koontz from CTI. The project is approaching a half a million. Curb and gutter, sidewalk, local match, those are all things we can compel the property owners in the commercial district to do for us. He recommended we keep moving forward with grant applications. We can always back off the project. We are probably looking at a two phase project. Mr. Cozy said he would talk to Dave Koontz to see if it made sense to do this in two phases.

Mrs. Mayberry asked if this was a spinoff of the project that was talked about a year ago. Mrs. Mayberry said she thought it was under \$100,000. Mr. Cozy said no it was over that. Mrs. Zahirsky said that was not for curb and gutter. Mr. Cozy said it did not take the sidewalks all the way to Community Connections. Mrs. Mayberry asked what our possible portion would be. Mr. Cozy said the game plan was that the grant paid 80% and all the property owners pay 20% local match. In our codified ordinances we can compel the business district to pay for curb and gutter and sidewalks. Mr. Cozy said there will be administrative costs and our time. Mr. Dorman said 20% was roughly \$120,000. Mr. Cozy said we should move forward with it.

Mrs. Mayberry asked about the grant for the engineering for the Locust/Cherry Street. Mr. Cozy said that application will be due September 15. The engineering should be complete by then.

Mr. Cozy said he put in his report that there was going to be a meeting this morning in regards to the Heritage Society. Mr. Cozy had a grandchild this

**CITY OF CANAL FULTON**  
**CITY COUNCIL MEETING MINUTES**  
**May 20, 2014**

morning so he was unable to attend. He has been in communication with Mr. Hatfield, Mr. Downing and Mr. Roberts.

Mr. Cozy said we should table Resolution 11-14 in regards to the Tomado Sirens. The bid requirement has been changed to include automatic activation of the sirens. Mr. Cozy said he felt we should wait because of the operation policy be affected by the change. He is hoping to have the agreement for the next meeting and it could be passed by emergency.

Mrs. Zahirsky said that the place that the Lady Bug Nursery has their sign on Locust is for an off premise business advertising the business out on Portage. Mr. Cozy said he does have stuff there also. Mrs. Zahirsky said there is someone that is wanting to do the same thing at his business and the City told him no. Mr. Cozy said he would talk with her.

Mayor- Mayor Harbaugh said that the Horse Shelter is now complete.

Mayor Harbaugh said that at the last meeting, there was a surprise at the end of the meeting with a gentleman being invited that he did not know anything about. The Mayor said he knew that some of Council did know about it, but he will adjourn the meeting if it happens again.

Parks & Recreation Board – No report

Law Director – No report.

**THIRD READINGS**

**Ordinance 10-14:** An Ordinance by the Council of the City of Canal Fulton, Ohio Amending the Zoning Code by Re-Zoning 207 East Market Street (PPN#95-00334)

**8:00PM Public Hearing – Re-Zoning 207 East Market Street**

No discussion was brought forth at the public hearing.

A motion was made to approve Ordinance 10-14 by Linda Zahirsky, second by Sue Mayberry. Linda Zahirsky mentioned that this was the recommendation of the planning commission.

All Council Members voted yes. Motion approved.

**Ordinance 13-14:** An Ordinance Amending Ordinance 5-14, Rates of Pay for Full-Time Non-Bargaining Employees, and Repealing and Ordinances in Conflict Therewith.

A motion as made to approve Ordinance 13-14 by Linda Zahirsky, second by Sean Craney.

Mrs. Mayberry said in regards to this legislation. She asked Linda Zahirsky how the salaries for the minimum, mid and maximum range calculated. She knew it was not in the legislation but it was in the spreadsheet. Mrs. Zahirsky said that we started with the Barrette Study that was done. Then the cost of living increase was done for every year. Mrs. Mayberry said on the spreadsheet she was confused because it indicated that it represented the inflation in 2013. Mrs. Zahirsky said that was the cost of living. Mrs. Mayberry asked if that was only for one year. Mrs. Zahirsky said, no, she does it every year. It has been done every year since it was put together.

Mrs. Mayberry said she had brought up the utility superintendent position weeks ago as to the salary that is listed on the legislation. He has held this position for seventeen years. This position at the grade he is at and as at total 29 year of service, his base salary for the passage of this legislation is not even at the mid-point on the salary scale. Mrs. Zahirsky stated that we discussed each position at the personnel committee. It was a recommendation while in executive session. As to why they thought someone should be moved up or not moved up it was done in executive session and she was not going to discuss the reasons that the decisions were made. It was in executive session. Mrs. Mayberry said she

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
May 20, 2014**

understood, she thought she would ask for the rationale. Mr. Fellmeth said she was not allowed to comment. This was the purpose of executive session.

Mrs. Mayberry said she believes that we need to start doing employee evaluations again in the City. She said she believed we needed to have some positions re-evaluated by Barrette.

The vote is as follows: Scott Svab – yes; Danny Losch – yes; Linda Zahirsky – yes; Sean Craney – yes; Sue Mayberry – No. Motion approved.

**Ordinance 14-14:** An Ordinance Amending Section 111.04 of the Codified Ordinances of the City of Canal Fulton Relating to the Pay of Members of the Council and Mayor, and Repealing any Ordinances in Conflict Therewith.

A motion was made to pass Ordinance 14-14 by Scott Svab, second by Sean Craney.

Linda Zahirsky said that a lot of time was spent on this through the personnel committee. It was brought out of personnel committee, but that does not necessarily mean that she agrees with it. Her concern is that it is almost a doubling of the salary for these positions. She thought a better way to do it might be to offer each of the Council Members an additional stipend when they have to attend committee meetings, such as \$50 per meeting they have to attend. That would be more representative of the additional work they are doing in order to support the raise, rather than simply just doubling the salary. She said she understands the reason is it is hard to get people to run for office when you are not getting any PERS credit.

Sean Craney said this does not give us the extra money now. It is for anybody in the future to run. It is not increasing any of our salary now at all. He just wanted to make that clear. Mrs. Zahirsky said that was correct.

Mr. Svab said from the direction of the Law Director could we table this until we get a full council here to vote on it. Mr. Fellmeth said yes.

Sean Craney withdrew his second.

A motion was made to table Ordinance 14-14 by Scott Svab, second by Linda Zahirsky. All Council members present voted yes. Motion approved.

**SECOND READINGS**

**Resolution 11-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an Intergovernmental Agreement with the Board of Trustees of Lawrence Township, Stark County, Ohio, for the Installation, Maintenance and Operation of Outdoor Warning Sirens.

A motion as made to table Resolution 11-14 by Linda Zahirsky, second by Scott Svab. All Council Members present voted yes. Motion approved.

**FIRST READINGS**

**Resolution 12-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an amended Agreement with CTI Engineers, Inc. to Provide Professional Engineering Services for the Wooster Street Water Management Improvements.

**Resolution 13-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an Amendment to the Agreement of Cooperation with the Board of Stark County, Ohio Commissioners for the CDBG Program.

**P.O.s**

P.O. 9280: to Westech in the amount of \$7,338.00 for condition pre-installed media, travel and living expense for one day at site.

**CITY OF CANAL FULTON**  
**CITY COUNCIL MEETING MINUTES**  
**May 20, 2014**

A motion was made to approve P.O. 9280 by Sue Mayberry, second by Sean Craney. All Council Members present voted yes. Motion approved.

P.O. 9279 to JASA Russel Standard in the amount of \$4,400.00 for CRS tar for Dura Patcher at \$2.75 a gallon.

A motion was made to approve P.O. 9279 by Scott Svab, second by Sean Craney. All Council Members present voted yes.

P.O. 9286 to Tri C Concrete and Excavating in the amount of \$20,900.00 to rebuild two catch basins on Beverly, tear out and replace concrete on Dan and fix 16 foot of curb on Cathedral.

A motion was made to approve P.O. 9286 by Sean Craney, second by Linda Zahirksy.

Scott Svab asked if we could get a curb replacement in front of City Hall. Mr. Svab said he had been asking for that for a year now.

Mr. Mayberry said he had two quotes, and a third one. He said the one vendor was supposed to meet with him today, and he failed to do so. He will give him another opportunity. Mr. Svab asked if the original quote was about \$1,500.00? Mr. Mayberry said he did not recall. It is \$32.00 per linear foot and he believed it was about 82 feet.

All Council Members present voted yes.

Nellie Cihon entered the meeting at 8:00pm

**BILLS – April Bills \$429,225.04**

A motion was made to approve the April bills by Scott Svab, second by Danny Losch. All Council Members voted yes. Motion approved.

A motion was made to take Ordinance 14-14 off the table by Scott Svab, second by Sean Craney. All Council Members voted yes. Motion approved.

A motion was made to approve Ordinance 14-14 by Scott Svab, second by Sean Craney.

Mrs. Mayberry stated that it was obvious by the number of people that ran for City Council in recent elections that compensation, benefits, retirement or lack of was neither a draw nor a deterrent. The only qualification is a one year city residency. There are local municipalities whose charter contains permission for Council's to set their own salaries including Mayor and other board members. Fourteen years ago when the Charter was being created it was decided not to include the issue of the Mayor or Council's salaries for fear the Charter would not pass. We could have revisited this issue in 2010 and put a provision on the ballot to amend our current Charter regarding our salaries, but that did not happen. She said she would rather have voter approval of this body establishing appropriate and reasonable salary increases for those they elect now and in the future. Council is legislative and not administrative. If you feel you are working too hard for what you campaigned to do, I she would first ask why you feel that way, and if you really feel you deserved this pay increase, then by all means vote yes.

Mr. Craney said again he wanted to point out that this is not a pay increase for them, it is for anybody that wanted to run in the future.

Mr. Svab said he wanted to point out that PERS raised the cap from the minimum to \$7,200.00, which is part of this legislation. The past Council people have enjoyed the benefit. Lawrence Township Trustees have enjoyed the benefit of having PERS. Mr. Svab asked why you would deny the same benefit to existing governmental bodies. Lawrence Township meets the same, actually a lot less than we do. They are compensated three times the salary.

Mrs. Mayberry said she was the kind of person that does not compare what she makes with someone else. Mr. Svab said if she felt that you are worth less than

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES**

**May 20, 2014**

somebody on Council... Mrs. Mayberry said she did not feel that way either. Mr. Svab asked then why she thought that a salary that was given to Council twelve years ago is comparable to today. Mrs. Mayberry said she just did not think about salary.

Mayor Harbaugh stated that the Trustees had nothing to do with the salaries. It is based on their budget by state law. Mr. Svab said that was true, except the trustees also voted to have hospitalization benefits. That is not state law. Mr. Harbaugh stated that was right. Mr. Svab said he felt that members of Council should receive the minimum requirement to get into PERS.

Mr. Svab said it may attract some to run. Mrs. Mayberry said she did not feel that you needed to attract too many people with money.

The vote is as follows: Scott Svab – yes; Danny Losch – yes; Linda Zahirsky – no; Sean Craney – yes; Sue Mayberry – no; Nellie Cihon – yes. Motion approved.

**OLD/NEW/OTHER BUSINESS**

Scott Svab asked about a consensus from Council for a liquor control permit.

Doan on Cherry Ltd. is asking that we don't disagree with them having a permit on the premises for a liquor license. Mrs. Doan stated that Liquor Control called and this is for a place on Cherry and it is going to be a Martini Bar at 122 Cherry St. Mr. Cozy stated it was behind Oser's on the corner of Cherry and Walnut.

A motion was made that Council does not request a hearing and approving the liquor license for Doan Ltd. by Scott Svab, second by Sean Craney. All Council Members voted yes. Motion approved.

**REPORT OF PRESIDENT PRO TEMPORE**

Scott Svab said he wanted to counter what the Mayor had to say earlier on objecting to Ben Fierman to come and solicit. Mayor Harbaugh said he was not objecting it. He said he did not know about it and it was not on the agenda and a big surprise. Mr. Svab said he apologized for the surprise, but he did not apologize that the report of the President Pro Temp is his time and if he wanted to have anyone in the audience that is taking up his time as part of his report, he would continue to do so. Mr. Svab said he would respect the Mayor's view that he should have been notified to prepare for it and in the future he would try to get that. Mayor Harbaugh said there was no reason why it could not be added to the agenda. Mr. Svab said he agreed, and it was an oversight.

**REPORT OF SPECIAL COMMITTEES**

No Reports.

**CITIZENS COMMENTS – Open Discussion (Five Minute Rule)**

John Hatfield – 639 Locust St.

Mr. Hatfield stated that the Heritage Society appreciated the shelter for the horses. Good job. In addition to that, the Heritage Society three years ago the City stepped up and ran the boat. He said he thought that everyone except one person was totally satisfied of the job that we have done. Mr. Hatfield said we had done an outstanding job. In addition, the Mr. Hatfield said that the Heritage Society wanted to entertain the possibility of giving the City the boat. This is a recommendation that he is working on.

Mayor Harbaugh asked if the horses went with it. Mr. Hatfield said yes. Operation will continue as is. Mr. Hatfield also said they have fought to keep Lock Four. Most people don't understand that the Heritage Society owns the Lock. There is only one little corner of it that they don't own. There have been battles, and they have tried to sell it. Stark Parks is using it, and Mr. Hatfield thought that the Heritage Society would be better off with money from the Lock to put on buildings or do something else with. Mr. Hatfield said if they wanted to open up an avenue to see what they could do about selling it to the City.

Mr. Losch stated that this was an interesting conversation, and maybe a subcommittee could look at it and we can look into moving forward on it. Mr. Losch said this was the

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
May 20, 2014**

heritage of this City and we certainly wanted to support that. He would be in favor of sitting down and talking.

Mr. Hatfield said since we have had partnership, he felt that it was one of the best things that has happened. He really appreciated the progress.

Mr. Hatfield said they have started a recruiting campaign for the Heritage Society. He also said he would like to borrow the sign on Cherry.

Scott Svab thanked John Hatfield and Chell Rossi for their volunteering for the City. Mr. Svab said they are underappreciated.

Jim Deans – reported on the Friends of the Library is having a Strawberry Festival on May 31<sup>st</sup> from 2:00 – 4:00pm. Mr. Deans also reported that Canal Days is coming along also. There will be a meeting that is open to the public on May 22, 2014 at 6:00pm.

Chuck Clark – A resident of Clinton, owner of some buildings downtown. The alley way right off Cherry St. that runs South down to a property that he owns, where the Rust and Found and Eye Candy shops are. He has been in discussion with Zoning and he is confused about what the alley actually is. Zoning said it was declared a road. Mr. Clark said he is trying to take control of what he thought was his property behind his buildings. He asked if the existing deck that runs out to the boardwalk could have a building to the deck. Danny Losch said that would have to go to HPC and Zoning. Mr. Mayberry said all the property owners use that public land that is about nine feet wide. Mr. Mayberry said it was not a public right away but it is used for access and ingress to all of the buildings back there at some point and time. Mr. Mayberry stated that if building blocked access to the other property owners, he would think there would be a problem.

Mr. Cozy stated that we do have a schematic drawing from 1997 or 1998 showing those properties and it shows the Canal Land, a thin line, which may represent the nine feet, and the property owned by the property owners. Mr. Cozy said Mr. Mayberry was right, and that you could not build to the boardwalk. Mr. Cozy said he wished when the Canal survey was done, he wished that we would have taken photos while the stakes were in place.

Mr. Clark said on the South side of the Century House the gentleman is getting ready to extend his deck and he is going to leave access for trash. Mr. Clark asked if he would run his deck to the end of the boardwalk. Mr. Cozy said he has not seen the plans. Mrs. Zahirsky said it has not gone to Planning Commission.

Mr. Fellmeth said he would need to hire a lawyer and determine where the lot lines are. You could then figure out whether you were on public land or not. Mr. Clark said he did have a real estate attorney looking in to the matter. Mr. Clark said that Mr. Belford said if he was ready to extend out to the alley way, the GIS would suffice because it shows the building and property lines. Mr. Cozy stated that GIS is not always accurate. Mr. Fellmeth said he may need a boundary survey at that point. Mr. Cozy stated that for anything controversial you will.

**ADJOURNMENT**

The meeting was adjourned at 8:35pm.

**Minutes Prepared by:** \_\_\_\_\_  
**Teresa M. Dolan, Clerk**

**Minutes Approved:** \_\_\_\_\_  
**Mayor Richard Harbaugh**

**CITY OF CANAL FULTON**  
**CITY COUNCIL MEETING MINUTES**  
**June 3, 2014**

**CALL TO ORDER**

Mayor Harbaugh called the meeting to order at 7:00pm.

**PLEDGE OF ALLEGIANCE**

**ROLL CALL**

Mayor/Council Members Present: Richard Harbaugh, Linda Zahirsky, Scott Svab, Sean Craney, Danny Losch, Sue Mayberry and Nellie Cihon.

Others Present: City Manager Mark Cozy, Council Clerk Teresa Dolan, Service Director Dan Mayberry, Police Officer Ed Harbaugh, Fire Chief Ray Durkee, and Finance Director William Rouse

Others Present: Chell Rossi, Jim Deans, Joan Porter, Victor Coliainni, John Hatfield, Earl Minks

**REPORTS OF STANDING COMMITTEES**

Sean Craney reported on the Economic Development Committee meeting prior to the meeting. Ben Fierman from Risenger Associates talked about the Canal Fulton City Park Campus and YMCA. The committee asked for legislation to be brought to the next meeting.

Mr. Craney reported that the committee met on May 27<sup>th</sup> to discuss proposals to shelter the St. Helena II. A proposal from CCI was chosen, and legislation has been prepared to move forward with the design phase.

Danny Losch reported on the Safety Committee meeting on May 21<sup>st</sup> at the Safety Center. The Living Together arrangement with Lawrence Township has been a success. Mr. Losch said we may want to look at a joint fire district.

**CITIZENS' COMMENTS – AGENDA MATTERS (Five Minutes per Individual – No Yield) No Report**

**CORRECTING & ADOPTING THE RECORD OF PROCEEDINGS**

Clerk of Council Teresa Dolan reported that the Clerk's computer had been down and to the shop. Draft minutes from the May 20, 2014 meeting were presented for review and will be voted on at the next Council meeting.

**REPORTS OF ADMINISTRATIVE OFFICERS**

**Senior Citizens** – Nellie Cihon read a report that Kathy Snyder submitted.

The report mentioned that the plant sale went well in May. The Center's Farmer's Market will begin July 10. There is booth space available. There will be a Chicken Dinner on June 21<sup>st</sup>. The cost is \$9.00 per person and reservations are required. The Center has scheduled a trip to Washington DC for October 3-6, 2014. Reservations are being taken now. They would also like to use the facility for Bingo during the Olde Canal Days festival. The Center painted a fire hydrant for the bicentennial celebration. They would like all to vote for their hydrant.

**Community Service** - No Report

**Fire Chief** – Chief Ray Durkee reported that the Safety Committee meeting went well and Chief Stewart did a good job elaborating details in a report, which he passed out during Council. The Chief stated that there were small maintenance issues on some vehicles that were being taken care of. The Chief will be out of town for the next scheduled Council meeting.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES**

**June 3, 2014**

Linda Zahrisky asked if the department had looked into the price of a new fire engine for the future. Chief Durkee said they had not, but the last time they had done research the cost was about \$350,000. He said he did know that the jump in a truck now would be roughly a 30% price increase due to some required changes. There are no funds set aside to do this now.

Danny Losch stated that he would like to look into moving forward with a joint fire district. He urged elected officials to move forward. He asked how we would pay for the district, and said he would be careful in creating a new taxing entity, and that was a concern to pay for the district with levies.

Police Chief – Officer Ed Harbaugh was in attendance for the Chief. Officer Harbaugh said there was no report at this time.

Linda Zahrisky commended Officer Harbaugh and noted that she had witnessed a child run in front of his cruiser on Stonewood. Mrs. Zahrisky said that Officer Harbaugh was going slow and was able to avoid an accident.

Engineer/Streets/Public Utilities – Service Director Dan Mayberry included a written report in the Council packet.

Mrs. Cihon said that the catch basin on Towpath looks very nice.

Finance Director – Finance Director William Rouse stated that Ordinance 15-14 was providing appropriation to fund the study for the design phase of the St. Helena II. He said that he would like Resolution 16-14 passed under suspension of the rules and then pass Ordinance 15-14.

City Manager – City Manager Mark Cozy included a report with the Council Packet.

Mr. Cozy stated that the St. Helena II project resolution requires passage by emergency due to the time constriction on spending the grant money.

Mr. Cozy stated that he had received a letter from the Heritage Society. They would like to meet with Council to transfer the boat to the City. Mr. Cozy asked Council if they would like to form a committee to deal with this. Mr. Cozy said that the Heritage Society at this time pays for replacing horses.

Mr. Craney asked if this transfer was just the boat or Lock Four also.

Council made the decision to form an Ad Hoc committee to discuss the transfer.

A motion was made to form an Ad Hoc Committee consisting of Scott Svab, Sean Craney and Sue Mayberry to discuss the Heritage Society transfer of the Canal Boat and the assets to go along with it, second by Scott Svab. All Council Members voted yes. Motion approved.

Mr. Cozy reported on the Tornado Siren Project was awarded to B & C Communications with the amendment to the operations policy to just tone on tornado warnings and not thunderstorm warnings queried as per the national weather service. The sirens will test once per month at the first Wednesday of the month at 12:30pm. Mr. Craney asked what the original estimate was. Mr. Cozy said the original was right around \$137,000. Now it is at \$114,000. Chell Rossi, who is on the committee, said that there will be additional money for the software and that should be approximately \$2,500.00.

Mr. Cozy said he also reported on House Bill 277 in his report.

Mayor – No Report.

Parks & Recreation Board – No Report

Law Director – Law Director Scott Fellmeth stated that he had no report. He said that he wanted to comment on the legislation asked for by the Economic Development Committee. Mr. Fellmeth stated that he would need a concrete proposal from Risinger to write the legislation. Mr. Craney stated that he would get that to the Law Director.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES**

**June 3, 2014**

**THIRD READINGS**

**TABLED Resolution 11-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an Intergovernmental Agreement with the Board of Trustees of Lawrence Township, Stark County, Ohio, for the Installation, Maintenance and Operation of Outdoor Warning Sirens.

A motion was made to take Resolution 11-14 off the table by Linda Zahirsky, second by Nellie Cihon. All Council Members voted yes. Motion approved.

A motion was made to approve Resolution 11-14 by Linda Zahirsky, second by Nellie Cihon. All Council Members voted yes. Motion approved.

**SECOND READINGS**

**Resolution 12-14:** A Resolution by the Council of the City of Canal Fulton, Ohio to enter into an amended Agreement with CTI Engineers, Inc. to Provide Professional Engineering Services for the Wooster Street Water Management Improvements.

**P.O.s**

P.O. 9909: to CCI Inc. in the amount of \$8,850.00 for Construction St. Helena II Preservation

A motion was made to approve P.O. 9903 by Sean Craney, second by Scott Svab. All Council Members voted yes. Motion approved.

P.O. 9289: to the Ohio Treasurer of State in the amount of \$56,218.05 for OPWC Loan Payment

A motion was made to approve P.O. 9289 by Nellie Cihon, second by Scott Svab. All Council Members voted yes. Motion approved.

P.O. 9902: to Clemans Nelson in the amount of \$5,000.00 for Labor Counsel Legal Services

A motion was made to approve P.O. 9902 by Scott Svab, second by Sean Craney, all Council Members voted yes. Motion approved.

P.O. 9903: to Preferred Temporary Services in the amount of \$15,500.00 for part time Grounds Keeper Temp

A motion was made to approve P.O. 9903 by Sean Craney, second by Scott Svab. All Council Members voted yes. Motion approved.

P.O. 9904: to Preferred Temporary Service in the amount of \$15,500.00 for Part Time Street Worker

A motion was made to approve P.O. 9904 by Scott Svab, second by Sean Craney. All Council Members voted yes. Motion approved.

P.O. 9905: to City of Massillon in the amount of \$6,000.00 for Prisoner Transport and Booking Fees.

A motion was made to approve P.O. 9905 by Danny Losch, second by Scott Svab. All Council Members voted yes. Motion approved.

P.O. 9912: to Northstar Asphalt, Inc. in the amount of \$3,000.00 to Grind bumps on State Route 93

A motion was made to approve P.O. 9912 by Nellie Cihon, second by Sean Craney. All Council Members voted yes. Motion approved.

**BILLS** - None

**OLD/NEW/OTHER BUSINESS** - None

**REPORT OF PRESIDENT PRO TEMPORE** – No Report

**REPORT OF SPECIAL COMMITTEES** – No Reports

**CITIZENS COMMENTS – Open Discussion (Five Minute Rule)**

Chell Rossi – 415 High Street

Ms. Rossi stated that the Hydrant Hysteria Contest is in full swing. Votes are one dollar a piece and can be made in the Council Clerk's Office. All money will go to the Fire Explorers. The paint for the hydrants was donated and there is a lot of paint left.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES**

**June 3, 2014**

Ms. Rossi asked the Mayor if the Summer Works Program would like to pain the hydrants in the rest of the town. Mayor Harbaugh said he would have to think about that.

Jim Deans – 426 Heritage

Mr. Deans reported on the Friends of the Library and said that their Strawberry Social was successful. He feels that it will grow in the future and be a good fundraiser. Mr. Deans said that Olde Canal Days is going as needed.

Sam Wilson – 980 Colonial

Mr. Wilson stated that the Veteran's Memorial plans are coming along. At this point there has been approximately \$3,000.00 raised. There is a tax identification number for the project and he is consulting with the Service Director and City Manager about the Memorial.

June 14<sup>th</sup> is Flag Day and he invited all in attendance to Mulhauser Park for the Ceremony.

Vic Coliainni – 720 Redwood Drive.

Mr. Coliainni stated that in 2005 Mr. Fierman was here to talk about the proposal he did tonight in regards to the YMCA. Mr. Coliainni said that this is Council's opportunity to seize something great and they would be foolish if they didn't. They have been given a job to lead and that is what they need to do.

Jon Hatfield – 639 Locust

Mr. Hatfield thanked everybody who was involved in getting the boat covered. Mr. Hatfield said that he would inform the Heritage Society of the Ad Hoc Committee that was formed and they could proceed with a meeting in regards to the transfer of the boat.

**ADJOURNMENT**

The meeting was adjourned at 7:50pm.

# City Of Canal Fulton Community Service Report May 2014

## May 2014

- 9 Defendants currently sentenced to Community Service.
- 54 Hours worked by defendants in May.
- 2 Defendants completing their community service.
- 1 Defendants sent back to court for non-compliance.

Dear Mayor and City Council,

The month of May was not a good month for community service workers to show up to work. Defendants worked only 54 hours total during the month. With the wet weather last month, all city properties needed mowed about every 5 days and it was tough to keep up. Community Service helped with getting the St. Helena III out of dry dock and replaced the rudder handle on the boat. Two defendants worked the swiss steak dinner at the senior center on May 24<sup>th</sup>. I was also able to pressure wash the gazebo at Muhlhauser Park and also the Canalway Center.

Projects for the month of June include, hiring six students for the summer work program, getting the downtown flower planters planted and getting caught back up on the landscaping work on city properties.

Respectfully submitted,

John Murphy  
Community Service Coordinator

# MEMO

June 13, 2014

To: Mayor Harbaugh  
City Council 17, 2014  
Mark Cozy, City Manager

From: Daniel P Mayberry, Service Director

Subject: Service Directors Report for June 17, 2014

**Wooster St. Storm Sewer-** This project is substantially completed. Staff has continued to monitor the project along with CTI Environmental.

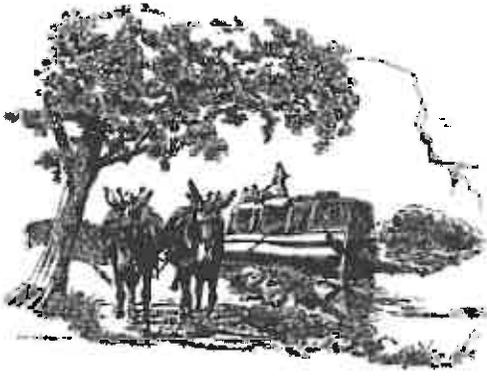

**2014 Dura Patch Program-** The Street Dept. is in the process of completing this annual maintenance program. This is an effective repair for areas of road surface experiencing reflective cracking as a result of base failure.

**Bi Annual Sanitary Sewer Flushing-** Utilities personnel have completed the cleaning of approximately one mile of sanitary sewer that have caused problems in the past. This work will be completed again in the fall.

**Water Meter Reading-** The second quarter meter reading program is underway.

**Curb Replacement-** The new curb along Market St. in front of City Hall has been constructed. I am also in the process of receiving quotes for repair of the basement entrance of City Hall.

**Above Ground Fuel Storage Tanks-** I have been working with the Street Supt and Utilities Asst. Supt. In the relocation of the Municipal Diesel Delivery System. The existing system cannot meet the requirements of the Ohio Fire Code. We will relocate the existing tanks out of the water well field to the West Side Fire Station.

The following represents a summary of financial highlights from May:

- **May Bank Reconciliation (Page A-1):** The May revenue and expense activity is balanced.
- **Income Taxes (Pages B-1 & B-2):** The year-to-date income tax collections (\$1,162,195) are approximately 1.3 percent higher than the same timeframe last year (\$1,147,959). The tax collections are still on pace to meet budget expectations.
- **Fund Balance Report (Pages C-1 & C-2):** This report shows that the ending unencumbered fund balance at the end of May 2014 for all funds combined (\$2,183,133) is approximately \$330,000 less than 2013 (\$2,514,072). The biggest difference is due to the number of capital improvement projects that are encumbered in 2014. For example, the encumbrance in the General Capital Projects Fund equals \$376,000 in 2014, but only equaled \$147,000 in 2013. The \$376,000 in 2014 encumbrances is comprised of the Wooster Street Storm Sewer project (\$124,000), the Locust Portage Resurfacing Project (\$151,000), the Cherry-Locust Street Intersection Project (\$51,000), and a variety of smaller projects.

The fund balance report also shows that the Sewer Operating Fund has a deficit of approximately \$35,000. This deficit is primarily due to encumbering a year's worth of expenditures, but only recognizing five months of revenue. However, the \$30,900 advance to the Special Assessments Capital Projects Fund to finance the engineering phase of the Locust-Portage water/sewer line extensions also contributes to the deficit. Nevertheless, the deficit is a timing issue that will likely be resolved in June/July once we receive Stark County's payment towards the first and second quarter operating costs.

- **Revenue Comparison (Page C-3):** The report shows that with exception of the St Helena, Sewer Operating and Sewer Capital Projects Funds, the revenues in the remaining funds are generally on pace to meet budget expectations. The lower revenues in the St. Helena Fund are due to the canal boat just starting to operate on a daily basis beginning June 1. The lower revenues in the Sewer Operating Fund (\$282,249) when compared to budget expectations (\$788,500) is due to the timing of Stark County paying their share of first and second quarter operating costs. Once we receive these payments, the revenues in Sewer Operating Fund should be more reasonable when compared to budget expectations. Similarly, the lower revenue in the Sewer Capital Fund when compared to budget expectations is due to not yet receiving the County's share of certain capital project costs.
- **Budget Status Reports (Pages C-4 & C-5):** The report shows that the City's payroll costs for the Street Department and Utilities are higher than the target percentages. This is due to a combination of the City paying a year's worth of overtime in a short period of time (snow plow season, water line break, etc.), and the full workers compensation premiums and uniform allowances in February. The target percentages shown on the report are based on the assumption that costs will be pro-rated evenly throughout the year. The personnel budgets should continue to stabilize over the next few months.
- **May:** The total bills reported for May equal \$402,220.98. The expenses are slightly higher than normal due to paying approximately \$13,000 in income tax refunds, \$31,600 for powered cots (funded through BWC grant), \$13,000 for budgeted road maintenance projects, and approximately \$30,000 in engineering fees for the various construction projects.

## *From the Office of the City Manager*

### City Manager's Report for June 17, 2014

**1. St Helena II:** Matt Moellendick wants to schedule a meeting inviting all interested parties to discuss options for the St Helen II Preservation Project. There have been many drawings prepared over the years with shelters and boardwalks linking the boat to the museum. Matt wants as many of these brought forward as can be found. He would like to take all this along with other ideas that are presented into consideration while putting together the plans.

I've been informed that the OECA may initiate another grant round later this summer that we can use to build the boat shelter. The Ohio Canal Society may also give us a grant to build the boat shelter.

**2. Canal Fulton Heritage Society:** At their last meeting the C.F. Heritage Society passed a motion to donate the St Helena III to the City. They are concerned about boat operations continuing in Canal Fulton so there may be some terms associated with the donation. Our ad hoc committee is meeting with them Tuesday before the council meeting.

**3. Tornado Sirens:** Two bidders have filed complaints with the Lawrence Twp Trustees concerning the siren bids. They are reviewing these with their law director. They may need to award the project to another bidder based on what advice their law director gives them. They do not want to re-bid this.

**CCI Legislation:** The Council President placed this legislation on the agenda. As part of the Northwest Schools annexation petition Mayor Grogan agreed to connect the homeowner at 8507 Erie to water and sewer, and repair a failing drainage ditch that is part of a drainage easement from the NW Schools Campus. This legislation will provide for the design plans to make the necessary repairs to this ditch.

# RECORD OF RESOLUTIONS

Drafting Legal Blanks, Inc. Form No. 30045

Resolution No. 12-14

Passed \_\_\_\_\_, 20\_\_

A RESOLUTION BY THE COUNCIL OF THE CITY OF CANAL FULTON, OHIO TO ENTER INTO AN AMENDED AGREEMENT WITH CTI ENGINEERS, INC. TO PROVIDE PROFESSIONAL ENGINEERING SERVICES FOR THE WOOSTER STREET WATER MANAGEMENT IMPROVEMENTS.

WHEREAS, the City of Canal Fulton has sought a proposal for the improvement of Wooster Street Storm Sewer Management in Canal Fulton, Stark County, Ohio, and

WHEREAS, CTI Engineers, Inc. has submitted an amended proposal acceptable to the City to provide the professional engineering services needed to implement and construct those improvements.

NOW THEREFORE, BE IT RESOLVED BY THE COUNCIL OF THE CITY OF CANAL FULTON, OHIO, THAT:

The City of Canal Fulton agrees to enter into an amended agreement (Amendment No. 2) with CTI Engineers, Inc. to provide professional engineering services for the Wooster Street Storm Water Management Improvements pursuant to agreement attached hereto as Exhibit "A" and incorporated by reference herein.

\_\_\_\_\_

EXHIBIT "A"

AMENDMENT NO. 2  
AGREEMENT FOR ENGINEERING SERVICES

WHEREAS, the City of Canal Fulton (CLIENT) and CTI Engineers, Inc. (CTI) entered into an Agreement dated July 19, 2012 to perform certain professional services in connection with design, bidding, and construction phase assistance for the construction of the Wooster St. Storm Water Management Improvements (hereinafter referred to as the project); and WHEREAS, the CLIENT now desires CTI to perform revised services not authorized in the original agreement, said services being relative to design and construction phases.

NOW, THEREFORE, the CLIENT and CTI do hereby agree as follows:

1. Appendix B - Scope of Services, is amended to include revised design and construction phase services for the proposed storm water facilities, as described in the attached Scope of Services Appendix B-2.
3. The Schedule of Fees included in the original agreement shall be amended to add a not-to-exceed amount of Three Thousand Dollars (\$3,000.00), bringing the overall project fee to a total cost-plus fee not to exceed Twenty-Five Thousand Dollars (\$25,000.00).
4. All other portions of the original Agreement remain in force.

IN WITNESS WHEREOF, both parties have caused this Amendment No. 2 to be executed by their duly authorized representatives.

**APPENDIX B-2  
SCOPE OF SERVICES – AMENDMENT NO. 2**

---

This scope describes the additional professional engineering services for the additional design and plan preparation for the Wooster Street Storm Water Management project. These revisions and additions are based upon the changes to the design and administration needs primarily due to project changes prompted by the difficulty of obtaining easements, as well as others.

**A. Revised Services of CTI Engineers, Inc. (CTI)**

1. Non-perform the field survey and base mapping.
2. Perform preliminary design, consisting of hydrologic/hydraulic calculations and preliminary layout, sections, and sizing for the proposed stormwater detention basin.
3. Add OPWC coordination and preparation of disbursement requests.
4. Add coordination for utility line relocation by Dominion East Ohio Gas Co.
5. Remove reference to the Park Master Plan Concept, in Section B.2.
6. Revise the budget for work observations to twenty-four (24) hours, in Section E.3.

Mr. Mark Cozy  
City Manager  
City of Canal Fulton  
155 E. Market Street  
Canal Fulton, Ohio 44614

RE: STA-93 Cherry Street/Locust Street  
Contract Modification No. 1

Dear Mr. Cozy,

Recently ODOT requested a Phase 1 ESA for D&D Auto repair and Met Al Industries, and a BUSTR file review for AT&T building and the Marathon/Bell Store; as a result of the ESA Screening report that was prepared and submitted by Environmental Design Group for the referenced project. The Bell Store is outside the project limit and ODOT has agreed to exclude this site from the BUSTR file review. This work is outside our current scope/contract and ODOT has requested that we proceed with these studies at this time. Therefore, we are submitting the following proposal for your consideration. The terms and conditions of our current contract will apply to this modification.

### **SCOPE OF SERVICES**

Two Phase I Environmental Site Assessments will be conducted, one at each of the following properties: 315 Cherry Street (D&D Auto Repair) and 231 Locust Street (Met Al Industries). The scope of work for these assessments will be in accordance with ODOT and ASTM guidelines and will consist of: gathering and reviewing general information on each site's usage and the occupants' activities, reviewing previous Phase I ESAs (if in existence), conducting environmental database review for the property and surrounding area and updating the current database, performing a site inspection, and interviewing the property owner. This information will be presented in the ESA report.

Environmental Design Group will use the Environmental Assessment Guidelines published by ODOT's Office of Environmental Services as well as ASTM E1527-13, the current ASTM guideline for Phase I ESA's, as appropriate.

A BUSTR file review and letter describing the findings will be completed for 322 Cherry Street (AT&T Facility). This work will be completed concurrently with the ESA's described above.

Environmental Design Group will prepare one report for the three tasks and submit it to ODOT and the City for review. We will address all comments and submit a final report. Our work includes all labor and reimbursable items such as travel, copies, and prints. No Client/ODOT meetings are included, as they are typically not necessary for this work.

### **FEE**

The total proposed fee to complete two Phase I Environmental Site Assessments and one BUSTR file review as described in the Scope of Services is \$5,550.00.

Mr. Mark Cozy  
City of Canal Fulton  
May 7, 2014

## **SCHEDULE**

We will complete the tasks described in the design scope of services within 30 calendar days of receiving authorization to proceed

If you have any questions or comments, please contact us at your convenience.

Sincerely,

Bradley J. Bendle, P.E.  
Senior Group Leader

Canal Fulton, Ohio 44614

Re: Fee Proposal for Development Services

Dear Mr. Cozy:

On behalf of Risinger + Associates (R+A), we are excited about the opportunity to present this proposal for services in support of development initiatives for the City of Canal Fulton. R+A has years of experience and success in all aspects of property, program and facility development, with particular expertise in public/private partnerships, collaborations and funding. We recognize the opportunity that the City of Canal Fulton has for enhancing a variety of services and programs for the community.

R+A will provide a process and set of integrated consulting services that will allow you to maintain control over the use and development of your property. You will achieve the ability to make informed decisions about the programs, services, tenants and development of the Canal Fulton Community Center Campus. As a result, you will be positioned to improve a city owned asset that will provide incremental revenue and increased value back to your community.

R+A understands from our last meeting that this proposal is oriented towards the City of Canal Fulton studying the feasibility and potential implementation of the development of a Recreation + Community Center. This community center would have a collaborative team of partners that would provide funding to this endeavor and require particular spaces within the facility to offer programming services for the community residents.

Risinger + Associates Inc. (R+A) proposes to provide professional services for the City of Canal Fulton as follows:

### **FEASIBILITY SERVICES**

#### **I. STRATEGIC FUND DEVELOPMENT SERVICES**

##### **Project Understanding**

1. The City of Canal Fulton owns and maintains approximately 41.38 acres of land at and around 856 SE Locust Street.
2. This property is the current location of the Northwest Stark Senior Citizens' Center as well as the site for a proposed Parks and Recreation Improvement plan developed in 2006 and supported in the 2009 Canal Fulton City Plan.
3. Recent efforts have emerged examining ways in which the community can benefit from a multi-use approach to the property.
4. This has resulted in consideration of facilitating the development of a community/recreation center, with the possible integration of the senior center, health care, as well as other collaborative services and programming for residents of all ages and needs.

**A. Site, Community + Market Understanding**

R+A will review existing information and perform analyses on the campus, community and market to identify and understand existing conditions, restrictions and needs.

1. Historical data
2. Current Demographics + Future Growth Projections
3. City and Parks/Recreation Strategic Plans
4. Review Community surveys / need assessments
5. Site / Land Use Analysis

**B. Collaboration + Fund Development**

R+A will facilitate and assist to build a funding collaboration with key stakeholders. This will include identifying and determining viability of potential collaboration and funding partners. R+A will facilitate committee efforts to identify the project mission, vision, and scope.

1. Identify potential additional collaborative uses and partnership organizations
2. Identify funding needs, issues and opportunities
3. Identify, contact and qualify probable collaboration partners on behalf of the city Canal Fulton.
4. Assist in acquiring an understanding of potential commitments both in program area as well as potential contribution to project funding.
5. Assist the City in evaluating funding sources, options and opportunities
6. Form a Strategic Planning Committee
7. Conduct a Planning Retreat for all major stakeholders to define the process
8. Achieve an understanding of needs, goals and obstacles for each Collaborative Partner
9. Identify mission, vision and scope for the project

**C. Strategic Programming**

R+A will facilitate strategic programming for each collaborative partner to identify and forecast their current and future space needs, uses and program offerings. R+A will identify program requirements and ancillary spaces, as well as determine an approximate square foot size for early budgeting.

1. Identify current + future program needs for each Collaborative Partner
2. Identify overlap in programming for users and spaces
3. Order-of-magnitude budgeting
4. Graphic and presentation support

**D. Pre-Schematic Strategic Master + Facility Planning**

R+A will utilize the Collaborative Partners Program of Requirements to create the campus master plan as well as the facility master plan. Implementation priorities and phasing will be identified and order-of-magnitude budgeting and funding sources will be refined.

1. Develop strategic master plan
2. Develop facility master plan and phased implementation priorities
3. Develop massing schemes
4. Refine order-of-magnitude budget
5. Graphic and presentation support

## **IMPLEMENTATION SERVICES**

### **I. FUND DEVELOPMENT SERVICES**

#### **A. Campaign + Message Development**

R+A will provide strategies and messaging for community consensus and successful funding tactics.

1. Identification and development of messaging to reach all constituents, community groups and Collaborating Partners
2. Graphic development and presentation support

#### **B. Campaign + Message Implementation + Training**

R+A will develop and instruct in the use of messaging presentation graphics and presentation strategies.

1. Development and delivery of strategy and tactics
2. Leadership message training
3. Implementation and support

### **II. DEVELOPMENT MANAGEMENT SERVICES**

#### **Development Management**

R+A will manage and coordinate the various team members and documents required throughout the development process. Management will occur for the entire project duration, from initial Collaboration + Fund Development meetings through project closeout.

1. Coordination of Collaborative Partners
2. Coordination of Collaborative Partner + property documents, agreements, etc.
3. Establishment and coordination of project schedule
4. Establishment and coordination of project budget including hard and soft costs including fees related to consultants, construction, documentation, legal, entitlement, permitting, recording, etc.

### **III. BASE ARCHITECTURAL SERVICES**

#### **A. Schematic Design**

R+A will combine the Strategic Program with the Strategic and Facility Master Plans to create the Schematic Design. This will include floor plan(s), elevation(s), site plan, and identification of engineering systems. R+A will assist the City in identifying and selecting a project Construction Manager.

1. Architectural Floor Plans + Elevations, and Site Plan
2. Engineering Systems Program + Design Requirements
3. Interior Design Program + Design Requirements
4. Building Code Search, Construction Type, Fixture Counts and Egress Requirements
5. Construction Manager interviews and selection
6. Schematic project budget + schedule
7. Graphic and presentation support

#### **B. Design Development**

R+A will further develop and refine the design established in the Schematic Design process. The drawing package will include floor plans, elevations, sections, reflected

ceiling plans, and preliminary mechanical and electrical plans and sketches for space allocation needs and coordination with base building requirements.

1. Architectural plans, elevations, details and specifications
2. Engineering design and performance
3. Interior design
4. Project budget + schedule conformance
5. Graphic and presentation support

**C. Construction Documents**

Based on the approved Design Development drawings, R+A will detail and refine building, site, engineering and interior designs. Documentation will be created for use during bid + permit processes.

1. Architectural and interiors plans, elevations, details and specifications
2. Finalize project entitlement + approvals
3. Submit 100% set to Owner for approval
4. Project budget + schedule conformance
5. Graphic and presentation support

**D. Bidding + Permitting**

R+A will provide documents and clarifications to secure permit approvals and coordination of requests for information for bidders.

1. Issue drawings for permit reviews, and address applicable permit comments to facilitate the permit process.
2. Issue drawings and specifications for the bidding process; respond to bidders written requests for information (RFI's) and issue addenda as necessary to clarify documents.

**IV. CONSTRUCTION ADMINISTRATION + PROJECT CLOSEOUT**

**A. Construction Administration**

R+A will be present and on-site for Owner Architect Contractor meetings (OAC), will review project work, review documentation from contractors and make recommendations to the City regarding changes and payments.

1. Attend OAC meetings at the project site to review job progress, and discuss schedule and cost performance.
2. Respond to contractors written requests for information (RFI's) and clarifications from field conditions.
3. Review payment requests by the contractor and review job progress.
4. Review shop drawings and material samples.
5. Make recommendations on the contractor's requests for changes and extra payments.
6. Perform the Architect's Punch List at construction completion.

**B. Project Closeout**

R+A will coordinate with City and Contractor on punch list items as well as coordinate the project close out process. In addition, coordinate the record project documents for City's use.

1. Conduct a follow up review of the punch list items when notified by the contractor the work has been corrected.
2. Review all final construction pay applications, lien waivers, and completion documentation

3. Review all O&M manuals, attic stock, as-built surveys and additional provisions
4. Provide Record Documents showing project as-built conditions per contractor information provided.

**V. ADDITIONAL EXPENSES AND SERVICES**

As required and authorized by the client the following services are available upon an as needed basis. They are considered in addition to the basic services herewith described in this proposal and will be billed separately.

**A. Renderings**

Photo realistic professional renderings illustrating design intent, intended for presentation use and message conveyance beyond standard Firm documentation.

**B. Field Measurements**

Measurement of existing field conditions to create as-built drawings. Field measurement drawings will locate and identify buildings, components, partitions, doors, built-ins, ceiling layout, light fixtures, fire protection and alarm devices and other fixed improvements. R+A is expecting to receive as-built drawings from the owner if they are available.

**C. Facility Assessment, Engineering Studies, System Audits and Operational Costs Analysis**

Professional evaluation of specific systems for a more detailed understanding of current performance, program of future needs, life cycle and operational costs associated with the system.

**D. Public Meeting + Approvals**

R+A will provide owner representation at all public approval meetings as requested by the City.

**E. LEED Program Visioning, Design Integration + Project Administration**

If a targeted project goal, R+A will integrate LEED credit requirements per Owner approval into the Programming and Planning phases of the project to ensure full design and document integration. R+A will also perform LEED Project Administration services, coordinating with Owner, Consultants and Contractor to ensure Design and Construction Phase documentation and clarifications per project targets.

**F. Project Entitlement Approvals**

R+A will coordinate with local and state agencies to determine necessary public entitlement approvals including but not limited to zoning, use and utility approvals. This dialogue would begin during the Schematic Design phase with targeted approvals completed during the Design Development process. R+A would provide documentation (except Renderings – see Part II.A. above) and clarification as required for submittal and review. R+A would participate in coordination discussions and present as requested by the City to approving agencies.

**G. Revisions**

If R+A, or our consultants, shall be required to perform services by reason of changes ordered by the Client or for any reason beyond our control, including, but not limited to, work involved in changes or proposed changes in program, scope of work, complexity, size or because of delinquency or insolvency or defects or deficiencies in the work or products of the contractor or any sub-contractor, supplier, fabricator, manufacturer, vendors, or other parties, or because of changes to building laws and ordinances or regulation including any previous governmental interpretations thereof, or because of damage to the project by fire or other casualty,

we and our consultants are to be compensated for such additional services in the manner agreed upon. All such compensation shall be in addition to that stipulated elsewhere herein.

## VI. COMPENSATION

**FEASIBILITY SERVICES (4.5 Months) \$ 105,000.00**

### I. Strategic Fund Development

## RECORD OF ORDINANCES

COUNCIL LEGAL BLANK, INC.

Form No. 30043

Ordinance No.

16-14

Passed

20

AN ORDINANCE AMENDING THE TRAFFIC CODE OF THE CODIFIED ORDINANCES OF THE CITY OF CANAL FULTON, OHIO IN ORDER TO CREATE REGULATIONS REGARDING PARKING OF VEHICLES WITHIN THE CITY AND ADDING CHAPTER 351.17 ENTITLED RESIDENTIAL PARKING PROHIBITIONS AND REPEALING ANY ORDINANCES IN CONFLICT THEREWITH.

WHEREAS, the Council of the City of Canal Fulton, Ohio desires to create regulations regarding parking of vehicles within Residential areas, and

WHEREAS, the Council of the City of Canal Fulton will amend the Traffic Code of the City of Canal Fulton to create regulations prohibiting parking of certain vehicles on Residential Streets within the City, and

WHEREAS, the City Council recommends adding Chapter 351.17 to Title Seven of the Traffic Code of the Codified Ordinances of the City of Canal Fulton entitled Residential Parking Prohibitions and repealing any ordinances in conflict therewith.

NOW THEREFORE BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CANAL FULTON, OHIO THAT:

Title Seven Chapter 351.17 of the Canal Fulton, Ohio Traffic Code shall read:

**351.17 RESIDENTIAL PARKING PROHIBITIONS:**

- (a) One (1) – Ton Vehicles, Six (6) – Wheeled Vehicles, Campers, Trailers, Semi-trailers and Commercial Tractor Trailers are prohibited from parking on residential streets within the City.
- (b) Registered Owner Responsibility. If any vehicle is found to be in violation of this section, the owner or person in whose name such vehicle is registered shall be held prima facie responsible for such violation.
- (c) Exceptions. The foregoing prohibition shall not apply to the following: fire engines, fire trucks or other vehicles or apparatus belonging to any municipal corporation or the fire department of any municipal corporation or used by such department in the discharge of its functions; a temporary purpose incidental to performing maintenance, repair or construction to the premises, or otherwise

during the time reasonably necessary for loading or discharging property or passengers; or such conduct that may be in compliance with the direction of a police officer or as otherwise may be authorized by the Mayor or the City Manager when such use does not otherwise impair the safety of other persons in the use of any public street or right-of-way or when such use does not cause blight or otherwise downgrade or detract from the character of the use district.

(d) Except as otherwise provided in this subsection, whoever violates this section is guilty of a minor misdemeanor. If, within one year of the offense, the offender previously has been convicted of or pleaded guilty to one predicate motor vehicle or traffic offense, whoever violates this section is guilty of a misdemeanor of the fourth degree. If, within one year of the offense, the offender previously has been convicted of two or more predicate motor vehicle or traffic offenses, whoever violates this section is guilty of a misdemeanor of the third degree.

2323 West 5<sup>th</sup> Avenue  
Suite 120  
Columbus, OH 43204  
Phone: 614.485.0670

**Mr. Cozy:**

**CCI is pleased to submit a proposal to develop construction plans for the 8507 Erie Avenue Storm Sewer Extension.**

**Our Proposal is to provide professional engineering services and develop construction documents for approximately 250 feet of storm sewer through the subject property. Our research has discovered an existing drainage and sewage easement across the property. Every effort in design will be to maximize the use of the existing easement, and to minimize the need for any additional permanent easement.**

**Project Management and Engineering will be provided by Matthew Moellendick, P.E.**

**CCI's proposal includes the following:**

- **A boundary survey to locate the parcel boundary of 8507 Erie Avenue and the existing drainage easement. The survey will also include topographic features within, and adjacent to the parcel, necessary to evaluate the proposed sewer alignment.**
- **Engineering design will include storm water runoff and storm sewer capacity calculations required to properly size and locate the storm sewer extension. It is understood the proposed storm sewer outfall will remain within the parcel, and not placed at the Ohio and Erie Canal.**

**Branch Offices:**  
1120 Chester Ave.

Page 2

- **Development of construction plans, details, and notes will be governed by the latest edition of the Ohio Department of Transportation (ODOT) Location and Design Manuals, the ODOT Standard Construction Drawings, and the ODOT 2013 Construction and Material Specifications.**
- **Prepare the Engineer's Opinion of Probable Construction Cost.**
- **Various Permits as required by the Ohio EPA, Stark County Soil and Water Conservation District, and the US Army Corp of Engineers will be completed on behalf of the City as needed. The City will be responsible for filing and associated fees.**
- **The City will provide and allow free access to all available records.**
- **The City will be responsible for Bidding, Prevailing Wage, and other related Construction Contract administration and documentation.**

**In addition, the following services will be provided on an If-Authorized basis:**

- **Proposed drainage easement legal description and plat suitable for recording, if the design should require more area than provided by the existing drainage easement.**
- **Construction Services, including: Questions During Bidding and On-Site Observation During Construction.**
- **As-Built drawings.**

**Fee**

Page 3

Task	Cost
Site Survey by Sub Consultant	\$1,250
Design & Preparation of Plans, Specifications, Notes, and Permits	\$7,408
<b>Lump Sum Total</b>	<b>\$8,658</b>

If Authorized: Proposed Drainage Easement Legal Description and Plat	\$596
If Authorized: Construction Services	\$3,139
If Authorized: As-Built Drawings	\$1,883

**Terms**

CCI will invoice for the Lump Sum Total listed above for design and plan preparation.

Client will be billed cost-plus, not to exceed for actual hours used to complete the If-Authorized Services.

Invoices are due NET 30.
