

**CITY OF CANAL FULTON**  
**CITY COUNCIL MEETING AGENDA**  
**March 5, 2019**

1. **CALL TO ORDER**

2. **PLEDGE OF ALLEGIANCE**

3. **ROLL CALL**

4. **DEPARTMENT OF COMMERCE**

Sullys Barrel Room on Canal LLC Permit

5. **REPORTS OF STANDING COMMITTEES**

6. **CITIZENS' COMMENTS – AGENDA MATTERS (Five Minutes per Individual – No Yield)**

7. **CORRECTING & ADOPTING THE RECORD OF PROCEEDINGS**

2-19-2019 Public Service Committee Meeting Minutes

2-19-2019 Council Meeting Minutes

8. **REPORTS OF ADMINISTRATIVE OFFICERS**

- o Senior Citizens
- o Community Service
- o Fire Chief
- o Police Chief
- o Engineer
- o Streets
- o Public Utilities
- o Planning/Zoning
- o Finance Director
- o City Manager
- o Mayor
- o Parks & Recreation Board
- o Law Director

9. **THIRD READINGS**

**Ordinance 3-19:** An Ordinance Amending Ordinance 37-17, Rates of Pay for Safety Forces Part- Time Employees, and Repealing Any Ordinances in Conflict Therewith.

10. **SECOND READINGS**

**Ordinance 5-19:** An Ordinance Amending Ordinance 45-18, and Providing for Changes to Previously Authorized Appropriations. (\$10,300.00- Engineering/ Site Plan Prep at Park)

**Ordinance 6-19:** An Ordinance Amending Ordinance 45-18, and Providing for Changes to Previously Authorized Appropriations. (\$8,700.00- Tree Planters Downtown)

11. **FIRST READINGS**

**Ordinance 7-19:** An Ordinance Amending Ordinance 45-18, and Providing for Changes to Previously Authorized Appropriations

12. **P.O.s**

P.O. 11951 to Core & Main LP in the amount of \$6,596.44 for Hand Held Device & Software Support for Automated Meter Read Project Carryover 2018 Budget (Tabled)

P.O. 12035 to Environmental Design Group in the amount of \$23,250.00 for Develop Community Park Master Plan

P.O. 12045 to B & K Concrete Const. in the amount of \$5,400.00 for Complete Work on Market Street

13. **BILLS:**

14. **OLD/NEW/OTHER BUSINESS**

15. **REPORT OF PRESIDENT PRO TEMPORE**

16. **REPORT OF SPECIAL COMMITTEES**

17. **CITIZENS COMMENTS – Open Discussion (Five Minute Rule)**

18. **ADJOURNMENT**

**NOTICE TO LEGISLATIVE  
AUTHORITY**

**CLERK OF CANAL FULTON CITY COUNCIL**  
155 E MARKET ST  
CANAL FULTON OHIO 44614

**CITY OF CANAL FULTON  
PUBLIC SERVICE COMMITTEE MEETING  
February 19, 2019**

**CALL TO ORDER**

*Dan Bucher Jr. called the meeting to order at 6:30 p.m.*

**ROLL CALL**

Council Members present were Dan Bucher, Jr., Bonnie Donaldson and Sue Mayberry

City Staff Present were City Manager Mark Cozy, Mayor Joseph Schultz, Finance Director William Rouse, Police Chief Douglas Swartz, Alyssa Bettis

Others in attendance were Chell Rossi, Joan Porter, Earl Minks, Terry Thompson

**TRASH AGGREGATE PROGRAM-** Mr. Bucher starts the meeting. Public Service Committee member Danny Losch is not present.

Mayor Schultz has received phone calls from residents looking for direction on what can and can't be recycled. Residents want to do things correctly and they are getting mixed messages from our article and what is published in Summit County.

Mayor Schultz brought his recycling bin to use as props to determine what can be recycled.

Terry Thompson from Republic Services is in attendance as well as Julie from Kimble.

Mayor Schultz asks if lids are recyclable. Mr. Thompson says lids are recyclable. However, the problem with lids is that if you leave them on the bottle they will fly off and could hit someone during processing. Also, don't leave them loose. He suggests throwing the lids in the trash.

Mayor Schultz asks about prescription bottles. Mr. Thompson says number 1 and 2 bottles and jugs are recyclable. There are other markets for 3-7, the problem with that is there is no real value with them.

Mayor Schultz holds up a water bottle that has been smashed down. He squeezes them to save space.

Newspaper is recyclable. Any mailers, flyers and ads. (newsprint)

Make sure bottles are empty clean and dry. Also, don't bag anything or stuff one thing inside another. Keep everything loose.

Mr. Thompson says Summit County would not want glass. The CO2 value it takes to recycle glass is very high. It costs \$30-\$50 a ton to take it to a market and we get nothing for it. People processing it could also get hurt.

Metal Lids are recyclable.

Mayor Schultz asks the Committee if moving forward do we want to continue picking up 4 times a month or move to bi-weekly collection. Mr. Thompson says bi-weekly is advantageous. It will help with cutting down traffic.

One big issue is the boxes that come in from Amazon. Mr. Thompson suggests cutting them down and tying them up.

Mayor Schultz informs everyone that we still have recycling containers behind Heritage Square.

**CITY OF CANAL FULTON  
PUBLIC SERVICE COMMITTEE MEETING  
February 19, 2019**

Back to discussing bi-weekly pickup. Mr. Thompson says they will determine the best way to work into routing. They will give us a calendar splitting up the city into A week and B week. There will always be a truck in the area. Mayor Schultz asks as far as cost savings, are we keeping the billing the same? Mr. Thompson says billing will stay the same.

Mr. Thompson explains that midway through the year it started costing \$10 per ton to process, when it used to cost nothing. Two months ago, it went to \$35 per ton. Mrs. Mayberry asks if the need to go to bi-weekly is to keep the cost down and save residents money? Mr. Thompson answers, yes. Most people put it out every other week anyways. Mrs. Mayberry asks if the price will be the same as putting it out every week? Mayor Schultz answers, for now. The goal is to cut the .78 cent surcharge in half.

Mrs. Mayberry asks if we have decided when pickup is going to start. Mr. Thompson answers, no we haven't decided yet but we can say May 1<sup>st</sup>.

Mayor Schultz called Township Trustee Les Kamph. The township did a collection of electronics. He wanted to touch base with him to see how that program went and if they plan to do it again. Mayor Schultz says it would be something else to look at as a service to our city.

Mrs. Mayberry says that the township offered to include us too. They were not excluding us.

Mayor Schultz wants to look at more programs to implement in our city.

Mrs. Donaldson says that she sees one truck for recycling and one truck for trash and she wants to know why that is? Mr. Thompson says that trash and recycling have to be picked up by two separate trucks.

Mr. Cozy asks about cardboard milk and juice cartons, are they recyclable? Mr. Thompson answers, yes.

Mayor Schultz says as people move into the city, they are supposed to use Republic Services and about 90% of the residents do.

Mrs. Mayberry asks about plastic pop can rings. Mr. Thompson says to throw those away. He even suggests trying to reutilize plastic bags. Mrs. Mayberry says that she drops off her used plastic bags to Walmart in their recycle box.

Mayor Schultz asks Mr. Thompson to explain the importance of doing things correctly to avoid contamination.

Mr. Thompson says that things have changed in the last 6 months. Out of all the material China was handling about 40% came from the U.S. They decided in 2017, and put into action in May 2018, a ban on mixed plastics and mixed waste paper. Mixed plastics being 1-7. China is tired of the contamination so they banned all that material. It caused the processing centers to slow down the belts, they even had to have people limit the contamination. The contamination they were allowed to have went from 3% to .5%.

Mr. Thompson repeats it has to be clean and dry. Keep it loose in the container and stick to the list. When in doubt throw it out.

**CITY OF CANAL FULTON  
PUBLIC SERVICE COMMITTEE MEETING  
February 19, 2019**

**ADJOURNMENT**

*The meeting adjourned at 7:00 p.m.*

**Meeting minutes prepared by: Alyssa Bettis**

---

**Meeting minutes approved by: Mayor Joseph A. Schultz**

---

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

**CALL TO ORDER**

*Mayor Schultz called the meeting to order at 7:00 p.m.*

**PLEDGE OF ALLEGIANCE**

**ROLL CALL**

Council Members present were Dan Bucher, Jr., Eric Whittington, Bonnie Donaldson, Danny Losch, Scott Svab and Danny Losch

City Staff Present were City Manager Mark Cozy, Mayor Joseph Schultz, Finance Director William Rouse, Keith Dylewski, Police Chief Douglas Swartz, Fire Chief Ray Durkee, Alyssa Bettis

Others in attendance were Chell Rossi, Joan Porter, Earl Minks, Mike Todaro, Tim Hoy, Victor Colaianni, Donna Matakoto, Bob Parsyns, Ginger Parsyns

**REPORTS OF STANDING COMMITTEES**

Mr. Bucher gave a report on the Public Service Meeting held at 6:30 p.m. to discuss the trash aggregate program. Mayor Schultz reviewed recyclable and non-recyclable items. Some discussion about possibly moving to bi-weekly recycle pickup but no decisions were made.

**CITIZENS' COMMENTS – AGENDA MATTERS (Five Minutes per Individual – No Yield)**

Mrs. Mayberry makes a comment on the Agenda. She states that at the last Council Meeting Resolution 26-18, An Agreement with Environmental Design Group to Develop Canal Fulton Community Park Master Plan, had its third reading. Prior to the meeting Councilman Whittington was excused to leave the meeting early and was not present when the vote was taken, leaving 5 members of Council to vote on the remaining issues. The Resolution failed, 3 to 2, as it takes 4 votes in the affirmative to pass. Now, there is new legislation on tonight's Agenda for a First Reading. Resolution 2-19, this legislation is an amended agreement with the same firm, Environmental Design Group, to develop the Canal Fulton Community Park Master Plan. This new legislation, Resolution 2-19, contains the same intent as the one that failed at the last meeting. However, it has been tweaked by eliminating a coordination meeting with the City and a \$500 cost reduction. Mrs. Mayberry would like to know who at the City sought to amend EDGs proposal and why?

Mayor Schultz says that he was a part of that. Mr. Cozy communicated with EDG as well as Council President Mr. Bucher. Mrs. Mayberry adds, EDG was contacted triggering their minute changes to the proposal, are we now in the business of negotiating terms after Council speaks until we get the outcome we desired. Mrs. Mayberry does not support this maneuver, to revisit this proposal and obtain, this time, the votes necessary. She asks if there is anyone at the table that is going to ask for a suspension of the rules and passage by emergency tonight on Resolution 2-19?

Mr. Cozy answers that he is going to recommend that Council suspend the rules but not to pass it by emergency.

**CORRECTING & ADOPTING THE RECORD OF PROCEEDINGS**

2-5-2019 Committee on Committees Meeting Minutes

**A motion was made to approve the 2-5-2019 Committee on Committees Meeting Minutes by Sue Mayberry**

**Second by Scott Svab**

Mrs. Mayberry says on the first page under Roll Call there are some people who were not in attendance.

**All Council Members voted yes. Motion approved.**

2-5-2019 Council Meeting Minutes

**A motion was made to approve the 2-5-2019 Council Meeting Minutes by Sue Mayberry**

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

**Second by Dan Bucher Jr.**

Mrs. Mayberry says that the attendance also needs adjusted. Also, after we excuse Mr. Whittington from the meeting it left 5 members. So, when it states "All Council Members Voted Yes", she doesn't want it to be confusing that all members voted yes when there was only 5 members there. She adds that you could say "All Council Members Present".

**All Council Members voted yes. Motion approved.**

**REPORTS OF ADMINISTRATIVE OFFICERS**

Senior Citizens- Mayor Schultz did get a quote, for around \$3,700.00 to replace the back door at the Senior Citizens Center. Also, have a bill for rekeying the locks for \$375.00 and replacing the panic hardware. Mayor Schultz says that we are landlords there but we don't collect any revenue. He asks if it would be Council's opinion that the Senior Center is responsible for replacing the door?

Mrs. Mayberry answers that it is our building and we own it. Mrs. Donaldson asks if the door is rotted. Mayor Schultz says that the door is not closing on its own. When someone goes in it stays ajar. The locks need changed because too many people have a key to the building. Mr. Losch asks if there is a lease agreement on it? Mayor Schultz says that normally in a tenant/ landlord relationship something are the responsibility of the tenant and others the landlord but normally you receive rent. Mayor Schultz is looking for some direction from Council Members. Mrs. Mayberry adds that we have always paid for their maintenance issues. Such as their air conditioner, roof, heating, toilet fixing. Mayor Schultz says that they did just buy new appliances for the kitchen, from a donation. Mrs. Donaldson doesn't have a problem with Council paying for it.

Mr. Cozy asks about the cost of \$3,700.00, saying that is a high price for a door. Mayor Schultz responds that it is a steel door and quite a project based on the way it is built into the building. The door that is on there is not insulated and not to fire standards. Mrs. Donaldson asks why it is so expensive? Mayor Schultz says that this contractor has always been the least expensive contractor that he has ever gotten a price from. The other contractors that he has called hasn't contacted him to give him a price yet. Mrs. Mayberry asks Mayor Schultz if he has asked Grant Joyce? Mayor Schultz has not.

Community Service- No report.

Fire Chief – Chief Ray Durkee apologizes for not being at the last meeting.

Reports on the Explorers who competed in Winterfest again. Last year, they took 3<sup>rd</sup> place for emergency medical services. This year, they received two 2<sup>nd</sup> place awards for table top presentation and for cardiac arrest management.

Engine 5 is at Sensible Products being outfitted with equipment so when it comes back it will be close to being ready for service. The manufacturer's rep will come down and do some training. We will also have it taken out to be weighed to establish tire pressures for the engine and also put on tire pressure mounting devices.

AFG Radios have been received from the State Fire Marshall. These were 100% awarded from the State Fire Marshall but we need to further compliment the outfitter trucks. Those are on the way. Right now, we are operating off portables and so far the coverage is pretty good. Chief Durkee says that the only way he has gotten an out of service signal is by taking the antenna off and going into the basement of the safety center and sticking it on the wall.

Police Chief – Chief Swartz says that Officers got wind of a couple guys from Massillon/Perry were trying to sell drugs to our student age community. The Officers called them and ordered acid and they agreed to meet. The officers met them, made the exchange and then arrested them. No one was injured. When the Officer went to make the exchange with the Drug Dealer, he realized he just stopped that guy a week ago at a traffic stop and he never realized it was him. The Officers took initiative to do this and risk injury to protect our community and they did an amazing job.

**CITY OF CANAL FULTON**  
**CITY COUNCIL MEETING MINUTES**  
**February 19, 2019**

Engineer- Mr. Dylewski discusses the Water Tower Project.

Mayor Schultz adds that we have a Committee Meeting in a few weeks but he wanted everyone to have some information before going into that meeting. He would like Mr. Dylewski to explain how the qualifications are determined. Mayor Schultz says he had the vision of just putting it out to bid and that is not the case.

Mr. Dylewski explains that with CTI they already approved this and they have done the preliminary design and a lot of the background work with this project. This is just to enter in a contract for the final design of the project. OPWC applications are due in September and it is going to be at least a 4-month design process to get the plans complete. This would give us the extra points for the funding to get the grant for the project. Mayor Schultz would like Council to discuss if they are comfortable moving ahead with CTI, to continue to work on the plan.

Mr. Losch says that CTI started the program.

Mayor Schultz says that there will be a reimbursement for this. Mr. Cozy said that the last grant application had a 50% match. Mr. Cozy concurs with Keith, we have already done the process with CTI early on and selecting them to do the study and preliminary engineering. This is just finishing it. He doesn't think we need to go through the qualifications process since we have already done that. It is just a matter of getting them on the Agenda.

Mr. Fellmeth doesn't have a problem with that at all.

Mr. Svab asks how much is their proposal? Mr. Cozy answers \$108,000.00. Mayor Schultz said that he thought it was \$138,000.00. Mr. Cozy says there was surveying in there that will be done with another firm. Mr. Dylewski says it will cost around \$131,000.00 for everything.

Mr. Svab asks if we have any of this money budgeted for this year? Mr. Rouse says no, we will have to adopt an appropriation amendment.

Mrs. Donaldson asks if this is for the new water tower? Mayor Schultz says yes, this is for the design of it. Mrs. Donaldson says it is for the design of what we didn't approve to get. Mayor Schultz says that as far as the grant process is concerned if you want to get a grant to pay for half of it you have to tell them what you want. Mr. Cozy says if City Council approves the grant application for the tower and we just missed it by one project. We actually received partial funding. Mr. Cozy recommends going back to get full funding, with this engineering study intact, we can get the funding we need.

Mr. Bucher says he is good with it. Mr. Whittington agrees. Mrs. Mayberry is also fine with it.

Mayor Schultz says that when we have the Committee Meeting in two weeks, we will want to discuss what the next step will be after this. Understanding what it is we want to do and how we are going to pay for it.

The Community Park Plan, trying to go out to bid. Mayor Schultz gave Mr. Dylewski a date of March 20<sup>th</sup>. We have a Planning Commission Meeting this Thursday to rezone the property. Mayor Schultz also wanted to point out that he is working on a few contracts as a realtor, pro bono, for the transfer of the property. Mr. Dylewski is doing a survey on the property so that the land that is being gifted to the YMCA will be able to transfer that property by the end of the month. As we investigated it part of the property is still in the township, there is a small wedge of land that the city owns but it is in the township. The first thought was to combine that property with the 3.25 acres of land that we are gifting for a total of 3.5 acres. We were going to combine the two parcels but we wouldn't be able to do that and rezone because that land is in the township. So, we will be doing this as two separate parcels to convey them as a gift to the YMCA. The YMCA will be responsible for the survey work that Mr. Dylewski is going to do on that property. He will also be surveying the remaining parcel. This is very similar to what we do in a vacation scenario, when we vacate land. We have to recreate a new plat. Once we give this land to the YMCA, we will have a new parcel and Mr. Dylewski will survey that parcel and plat it. That way we can use it moving forward, to locate the walking trail.

Mrs. Mayberry asks Mayor Schultz if we pay any property tax on the land that we are donating to the YMCA? Mayor Schultz doesn't believe we pay any property tax nor will the YMCA. We are a public entity and they are a nonprofit.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

Mayor Schultz says that we have been trying to get bids on water line replacements for Ash Street and Towpath, the estimates we have gotten so far have brought us in well under budget. Our goal is to use some of that savings to fund the GIS Mapping.

Streets- Eleven tons of asphalt has been put down for patching. Our Street Department is in contact with the County because the County was looking at micro sealing that road but it will need some significant repair before it is ready.

Mayor Schultz attended the Lawrence Township meeting and our Street Departments are proposing having a joint road maintenance plan. Since we annexed property on Cherry Street, all but 900ft of that is now in the city. The township has only 900ft to maintain. The same scenario happens on Lafayette where we own one side of the street and the township owns the other. The two Street Departments have worked out and what they are asking us to do, we would be responsible for maintaining the entire section of Cherton Street. Mayor Schultz is looking for a Voice Motion to allow our Street Departments to cooperatively clean those roads.

**A motion was made to allow the Street Departments to cooperatively clean roads by Scott Svab**

**Second by Sue Mayberry**

Mrs. Donaldson asks how soon? Mayor Schultz says when are our Street Department submits their budget for the year and look at what streets are done and what streets they want to do. Whenever it is time for that work to be done this will be the understanding.

**All Council Members voted yes. Motion approved.**

Public Utilities- Mayor Schultz mentions the snow ban and wants to make sure everyone is aware of that and gets their vehicles off the street.

Planning/Zoning- Planning and Zoning meets on Thursday.

Finance Director- Mr. Rouse included the January Financial Statements in the packet. The income tax finished January about the same. The bill listing totaled \$668,000.00, \$316,000 of that was for Fire. Other than that January was the same as always for the finances.

Ordinance 4-19 is up for first readings, this is the Ordinance for the Clerk position and salary. Mr. Rouse asks that Council Suspend the Rules and pass it tonight so that it can be retroactive to February 4<sup>th</sup>.

Mr. Rouse explains Purchase Order 12024 to Protech. His understanding is that the computer software in that lift station has been slowly failing over time and they want to replace it. This was included in the Capital Budget for this year.

Purchase order 12025, the heater at the grit building died again. It has died a couple times in the last few years, probably because of the corrosive environment. The way that it was installed has made it difficult to do work on it. They are using a different vendor this year and work on changing the installation. This is not in the Capital Budget but they are reworking the Capital Budget to include this and take some of their miscellaneous repairs out.

**A motion was made to approve the January Financials by Danny Losch**

**Second by Scott Svab**

**All Council Members voted yes. Motion approved.**

City Manager- Mr. Cozy discusses rezoning of the park property. Initially went in requesting the rezoning of the land that was going to be donated to the YMCA and the Planning Commission recommended that we rezone the entire parcel to alleviate any confusion on the property. Mr. Cozy is bringing this before City Council to see if there is any issue with rezoning this entire parcel. It would be B1. If there is no problem, we can start the legislation. This still involves a public hearing which would need to take place before the zone change can occur.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

Mrs. Donaldson asks what a B1 is? Mr. Cozy explains that a B1 is our lowest level business. The reason we went to the Planning Commission for the rezone was for Aultman to set up in the new YMCA. Even though it hasn't happened, it may or may not happen but at least with B1 zoning they can do that.

Mr. Cozy received word that we have another police officer retiring this summer. The Civil Service Commission is going to meet next week and discuss Civil Service testing. That meeting will also discuss the promotional test for the Sargent. We will have a posting for the Sargent position which may or may not need a civil service test depending on how many people apply for the position. We will need a civil service test for the replacement of the retiring police officer.

Legislation for the Park Master Plan is on the Agenda. It has been amended. This was after a conference with the Mayor and Council President. Mr. Cozy says that they both recommended that he goes back to EDG and see if they can lower the price, which they did. Mr. Cozy recommends that we suspend the rules.

Mrs. Donaldson says that she thought Mr. Cozy was going to check with someone else. Mr. Cozy never decided to do that. He did get another quote from Rodney Meadows, the architect from the YMCA. In reviewing both quotes EDG had more engineers involved with getting the estimates as opposed to landscape architects. Engineering quotes are going to be more accurate. We have to submit this to ODNR to get reimbursed for the work we are going to do so Mr. Cozy wanted better numbers. In his opinion EDG is best qualified to do this type of work. They have done this work for us in the past, and they worked with Stark Parks.

Mr. Bucher shares his opinion on this subject. Mr. Bucher says in his opinion asking Mr. Cozy to ask for other bids through advertising wasn't going to get us better results. This has been public record, any engineering firm that was doing their due diligence, with coming up with their plan was going to be able to base their numbers off of that. Mr. Bucher asks Council what the alternative is to bringing this back and having a vote on it with full Council. We need this master plan or we are basically saying no thanks to this grant money.

Mrs. Donaldson asks why we need the Master Plan right now? Mr. Bucher answers, it has to be submitted to ODNR. They need it as one of the first pieces before they can start reimbursing us our money.

Mrs. Mayberry says that she brought this up a long time ago. The letter came into the city in June 2018, from ODNR with the attached information to be filled out. It is now February 2019. Mr. Cozy says that he had a serious accident in June 2018 and was off work for a month. He says he was also injured in September. If he wouldn't have had those serious injuries this probably would've been done. Mr. Cozy says that he had this quote in November.

Mrs. Mayberry has no more to say on this matter.

Mayor- Mayor Schultz met with the 3<sup>rd</sup> graders from SPJ and they interviewed him as well as touring City Hall. He also met with the 5<sup>th</sup> grade leadership group from Stenson.

Parks & Recreation Board- Work has started on the YMCA, flagging and the equipment to cut the addition to the driveway.

Law Director- No Report.

**THIRD READINGS**

**SECOND READINGS**

**Ordinance 3-19:** An Ordinance Amending Ordinance 37-17, Rates of Pay for Safety Forces Part- Time Employees, and Repealing Any Ordinances in Conflict Therewith.

**FIRST READINGS**

CITY COUNCIL MEETING MINUTES  
February 19, 2019**

**Ordinance 4-19:** An Ordinance Amending Ordinance 48-18, Rates of Pay for Non-Bargaining Employees, and Repealing any Ordinances in Conflict Therewith.

**A motion was made to suspend the rules on Ordinance 4-19 by Sue Mayberry**

**Second by Scott Svab**

**All Council Members voted yes. Motion approved.**

**A motion was made to pass Ordinance 4-19 by Scott Svab**

**Second by Dan Bucher Jr.**

**All Council Members voted yes. Motion approved.**

**Ordinance 5-19:** An Ordinance Amending Ordinance 45-18, and Providing for Changes to Previously Authorized Appropriations.

**Ordinance 6-19:** An Ordinance Amending Ordinance 45-18, and Providing for Changes to Previously Authorized Appropriations.

**Resolution 2-19:** A Resolution by the Council of the City of Canal Fulton, Ohio to Enter into an Amended Agreement with Environmental Design Group to Develop the Canal Fulton Community Park Master Plan.

**A motion was made to suspend the rules on Resolution 2-19 by Danny Losch**

**Second by Scott Svab**

Mr. Bucher asks again, are there any alternatives to doing it this way? Mr. Whittington says that he wasn't here when this was voted on and he was curious as to what the reasoning was behind those who voted no. Mrs. Donaldson replies, \$23,000.00. Mrs. Donaldson asks how soon will work be started on the park? Mr. Cozy said it can start next week. Mrs. Donaldson was curious as to how long this is going to take because she doesn't want to have to do another one. Mayor Schultz says that the goal is to go out to bid March 20<sup>th</sup>, Mr. Dylewski will prepare the bid specs and we will have a pre-bid meeting. Then there will be a bid opening date and those bids will be open at that time. Construction can hopefully start sometime April- May. Mayor Schultz adds what we want to do with this master plan is use whatever the community input is. We want to get as much done with this \$750,000.00 that we can and go back to ODNR in November and show them what we got done and the Community Master Plan with what the community wants to see in the park. Mr. Whittington says the reason he asks is because he wants to know that there is anything else that we need to get done before we vote on this. Mrs. Donaldson says do we need \$23,000.00 for plan just to see what the residents want in a park. Mayor Schultz says EDG will lead the meetings for community input. Mrs. Donaldson adds that it seems like a lot of money to just ask the residents what they want. Mr. Bucher says it is not just asking them. It is them looking at the topography and saying what makes sense based off of the input they get from the community. Mr. Cozy adds that we will also get cost estimates, we will know exactly what it is going to cost us to build this park. He says that we will get that \$23,000.00 back with the grant.

**Bonnie Donaldson voted no. Sue Mayberry voted no. All other Council Members voted yes. Motion approved.**

**A motion was made to approve Resolution 2-19 by Danny Losch**

**Second by Scott Svab**

Mr. Bucher asks once again if there are any alternatives? Mr. Svab says that he thinks it is fair to bring it back up since Mr. Whittington didn't have the option to vote on it. Mr. Bucher agrees. Mr. Svab adds that if it dies this time then we will have to rebid. Mayor Schultz gives his opinion on the topic. He says if the vote would've been 3 to 3 he could've had the 4<sup>th</sup> vote but the vote was 3 to 2 and other communities would use simple majority and pass it 3 to 2. Mrs. Mayberry says it takes 4 votes to

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

approve legislation. Mayor Schultz says that is according to our charter. Mrs. Mayberry says according to the Ohio Revised Code it takes 5 to suspend the rules, and we don't even do that. She says that the charter is more lax than the Ohio Revised Code. Mr. Fellmeth says that the Charter basically says the majority of all members have to pass legislation, which requires 4 votes. Mayor Schultz responds that he basically cannot vote unless there is a tie. Mrs. Mayberry answers him by saying that is what the charter commission felt was best for our community.

**Bonnie Donaldson voted no. Sue Mayberry voted no. All other Council Members voted yes. Motion approved.**

**P.O.s**

P.O. 11951 to Core & Main LP in the amount of \$6,596.44 for Hand Held Device & Software Support for Automated Meter Read Project Carryover 2018 Budget (Tabled)

P.O. 12020 to CIVPRO Engineering in the amount of \$10,300.00 for Engineering Site Plan & Field Survey of Canal Fulton Community Park Project

**A motion was made to approve P.O. 12020 by Dan Bucher, Jr.**

**Second by Scott Svab**

**All Council Members voted yes. Motion approved.**

P.O. 12024 to Pro- Tech Systems Group in the amount of \$12,740.00 for Lift Station E-Replacing Old, Failing Bubbler System with New Panel. Initial SGADA Software Programming & Equipment

**A motion was made to approve P.O. 12024 by Sue Mayberry**

**Second by Dan Bucher, Jr.**

**All Council Members voted yes. Motion approved.**

P.O. 12025 to Crescenze Cooling & Heating in the amount of \$10,400.00 for Indeeco Heater for Wastewater Plant Influent Building; Removal of Old Unit

**A motion was made to approve P.O. 12025 by Sue Mayberry**

**Second by Dan Bucher, Jr.**

Mr. Losch asks Mr. Dylewski if his people are capable of reviewing this installation. Reason being is because the last time it was installed there was an oversight. Mr. Dylewski says yes and he will follow up with Mr. Doorman about the previous inspection on the equipment.

**All Council Members voted yes. Motion approved.**

**BILLS:** January \$668,392.26

**A motion was made to approve January bills by Scott Svab**

**Second by Danny Losch**

**All Council Members voted yes. Motion approved.**

**OLD/NEW/OTHER BUSINESS**

Mrs. Mayberry says as we pass legislation tonight for Alyssa's position. She revisits the minutes of the Council meeting of February 5<sup>th</sup>, after we came out of executive session, regarding the full vote of appointment of Alyssa, that should be listed after returning to public session.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

Mr. Bucher says he will be out of town next week; his wife is having surgery done in Washington D.C. He will not be able to attend the Fire District Meeting we had scheduled for February 28<sup>th</sup>. The Township Trustees did say that if full Council wasn't in attendance they would walk out. They do not want to do this unless everyone is there. Mr. Bucher discussed this with Les Kamph and he agrees that we should reschedule. Mr. Cozy talked to a trustee and he felt that we got a lot of stuff out of the way at the last meeting and we will be able to get down to business at the next meeting. Mayor Schultz will reach out to them to see what dates are available. Mr. Bucher says he will be out of town next week (26<sup>th</sup> – March 1<sup>st</sup>) and he will be out again the 11<sup>th</sup> – 14<sup>th</sup>. He doesn't think he will make it back in time if they wanted to do it on the 14<sup>th</sup>. Mr. Bucher suggests the 7<sup>th</sup> or the 21<sup>st</sup>. Mayor Schultz is going to look at having it March 7<sup>th</sup>.

Mr. Bucher says that Christina Futrell attended a TAP meeting in January to discuss her idea of joining an organization called Sister Cities. He says that last night they started tonight and explain what it is and what the plan is.

Christina Futrell / 413 Riverview Street

She asks how many people in Germany have heard of Canal Fulton? Probably not a lot. She says we can build that number by having a partnership with a Sister City. A Sister City is when a community of any size or character joins with a community in another nation to learn more about each other and develop friendly and meaningful exchanges. The two may propose a formal affiliation leading to an official designation as Sister Cities. The ideal affiliation involves a large number of citizens and organizations in both communities who are engaged in continuing projects of mutual interest. She says we have so much to offer here in Canal Fulton, and she thinks it would be great if we could partner with a city in another country that is similar to us. It would bring business to our city not only on a global level, but it would bring publicity to our surrounding areas. She suggests student exchanges with the schools, boy scouts connecting with a similar organization and do cross cultural exchanges. You never know who is going to come here and think this is a great place and invest or build a business here. She gives an example of the Vice President of China. He was a foreign exchange student, when he was young, in Iowa. Years later, he becomes the Vice President of China and when he came to the U.S., he insisted on visiting his host family in Iowa. They fostered a really good relationship that ended up in a trade deal. The organization called Sister Cities has a lot of tool kits and programs. They offer a lot of support. To become a member of Sister Cities International it is \$440.00. Once you become a member, there are more resources available. If this is something the city decides to move forward with we will fill out the membership application and then they would pair us up with a city or we can choose our own city. After we decide on a city, the Council passes a Resolution declaring the intent to pair with that city. Both Mayors or highest appointed official would sign a formal agreement endorsing the Sister City partnership. The next step would be to collaborate with members of our Sister City on events, programs, and ideas.

Mr. Bucher says that we are also going to include Lawrence Township on this so we can have the entire area. Hopefully in the near future they will attend a Trustee meeting and explain this to them.

Mr. Losch likes the idea and thinks it would be good to reach out.

**REPORT OF PRESIDENT PRO TEMPORE**

**REPORT OF SPECIAL COMMITTEES**

**CITIZENS COMMENTS – Open Discussion (Five Minute Rule)**

Bob Parsyns/ 501 Ericsson Drive

Over the hill from his house is the meat packing place. The trucks run all night long. Its hard to sleep when the trucks are running. They run all night waiting to get their products into the business when they open up at 8 or 9 o'clock. He doesn't know what to do about it.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

Mayor Schultz wants Council to know that he has met with the residents. He met with the business owner. He says he has been part of the efforts to reach out to the dispatchers to let the truckers know that we prefer they park somewhere else. Rather than adjacent to a residential neighborhood. It seems to go well for a while. When there are different drivers and different dispatchers the message doesn't get relayed.

Mrs. Donaldson asks if they are independent drivers. Mayor Schultz answers yes, they are independent contractors. The police department has been very responsive with going up there and asking them to relocate. Chief Swartz says the background of all this is the zoning. This business was grandfathered in to a certain zoning that allowed the refrigerating units to stand there. The houses were built subsequently after that. That is why the police cannot get involved and say that they have to do this. The zoning would have to change for the police to take action on it.

**Donna Matako/ 2001 Byrd Drive**

Mrs. Matako gives council a handout. The first two pages are a brief synopsis of when she first moved into Canal Fulton in 2003. When she moved into the city, she specifically came down to City Hall to check the Zoning maps and what it was zoned. B2, is what the map said, so she bought the house. Unfortunately, the trucks started running immediately. So, she went to her builder Don Shammo and George Mizarek and had some discussions. George was the previous business owner. They said the maps must have been wrong when she went and checked because he is zoned industrial. They tried to work it out privately for many months. George Mizarek would not budge. He wouldn't put up a fence or even a sign asking the truckers to leave the premises. This started on March 15, 2005, we had a council meeting. The next time they were encouraged to get signatures from the residents. So, they got signatures from the entire neighborhood. In April 2004, Mayor Grogan told Chief Kissinger to inform his officers to move the trucks to route 21 or to the truck stop. He told us "when there is a truck parked, we should call it in and they would be moved." On April 19, 2004, there was a record of proposed Ordinance 12-5 it had two readings. Victor Colaianni asked the residents to attend a meeting as well. At the third reading it was stopped because George Mizarek went to Avalon Foods and said it would affect their operations as well because they have trucks running. The difference between them is that there is no residential property around Avalon Foods. So, the Ordinance was tabled. The following month there was a lawsuit filed against her for having a small open-air market that was selling Amish produce and flowers on her own zoned B2 property. If they are zoned industrial, she would like to know what their industrial operation is. What is their manufacturing process? When did they become zoned industrial?

Mrs. Matako has personally offered to plant plants but they won't let her do that. She has asked for a fence to be put up as well. She says that they have truckers who disrespect our Police Station. She would like to continue with the Ordinance that was tabled years ago.

Mrs. Donaldson asks where they use the restroom? Donna Matako says that she does not know. When they pull in, they leave their trucks running and their refrigerator unit running. On a Sunday night they have around 2-3 trucks running. They pull in between 4 and 6pm and run until 7 or 8am the next morning. They leave their lights shining on our homes. There is no one in the trucks. They are using it as a truck stop. Some park between the two buildings. If a fire truck would have to get in between there for something they can't.

Mrs. Mayberry asks why they tabled this Ordinance on the third reading?

**Victor Colaianni/ 8727 Redwood Drive**

There are two reasons the Ordinance was tabled. First, Mayor Grogan at the time was talking to Giant Eagle to see if they could use the south end of their lot to park trucks. Second, he was told by the law director that the planning commission would have to rezone that property. He wants to know who okayed the road? Mayor Schultz says City Council and Planning. Mr. Colaianni asks, do the trucks have access to use that road? Mayor Schultz answers no.

**CITY OF CANAL FULTON  
CITY COUNCIL MEETING MINUTES  
February 19, 2019**

Mr. Colaianni says that you would figure that a long-standing business in this community would want to be flexible or planning commission would do something to rezone it.

Tim Hoy/525 Ericcson Drive

Mr. Hoy says if he has an industrial zoning privilege, which means he can operate 24/7, what is his business with those trucks?

Mayor Schultz says that his understanding is when you have an industrial zoning it is a 24 hour a day operation whether or not you choose to operate under those hours. Mr. Hoy says his business with the trucks is to either load or unload them but that only happens when they back up to a dock.

Chief Swartz says if he had a liquor permit in his establishment, he can choose to sell liquor or he can choose to not sell liquor, he has the right to operate through that ordinance.

Mrs. Matak says it seems like every time one of us calls and complains the next day or two they have their own trucks up there running. Chief Swartz says a wall won't solve it, but will it help? Mrs. Matak says it would have to be on the hill of his property. She says he cut the woods down, the buffer between his property and our property. She feels he should be required to put a buffer up.

Mr. Colaianni says that it needs to be classified what is zoned industrial and what should be zoned business.

Mr. Fellmeth says it is a pre-existing nonconforming use. Mr. Colaianni says it has been done before. In Sugarcreek, land was owned industrial for 60 years by an Amish company and was rezoned B1. They contested it but the Trustees overrode them and rezoned it B1. He says if you don't identify what your industrial business is, you are setting yourself up for what we are dealing with now.

Mr. Cozy says we need to issue a mediation. Chief Swartz says that they already tried this.

Mike Todaro/ 2028 Byrd Drive

He says it echoes straight through the cul-de-sac. He loves the city and paid a lot of money to live here.

Mayor Schultz is going to have a conversation with the owner and report back.

**ADJOURNMENT**

Ordinance No. 3-19

Passed \_\_\_\_\_, 20\_\_\_\_

AN ORDINANCE AMENDING ORDINANCE 37-17, RATES OF PAY FOR SAFETY FORCES PART-TIME EMPLOYEES, AND REPEALING ANY ORDINANCES IN CONFLICT THEREWITH.

WHEREAS, the Canal Fulton City Council has established rates of pay for part-time employees, and

WHEREAS, adjustments are to be made to their pay, and

NOW, THEREFORE, BE IT ORDAINED BY THE COUNCIL OF THE CITY OF CANAL FULTON, STATE OF OHIO, THAT:

Section 1: Rates of pay of safety forces part-time employees shall be established as follows:

FIRE DEPARTMENT OFFICERS                      PER YEAR

Chief	\$22,503.85
Assistant Chief	\$11,241.79
Captain (Maximum of 2)	\$7,683.83
Lieutenant (Maximum of 3)	\$3,782.80

FIRE DEPARTMENT                                      HOURLY RATE

Paramedic/Firefighter	\$15.53
EMT-Advanced/Firefighter	\$14.26
EMT-Basic/Firefighter	\$12.99
Non-EMT Firefighter	\$11.91
Orientation / Probationary	Minimum Wage
Officer-in-Charge	\$1.00 per hour additional
Fire Inspector	\$14.66 or the employees hourly rate based upon EMT certification level, which ever is greater.

FIRE DEPARTMENT                                      HOLIDAY PAY

Employees who provide joint staffing for medical and fire services shall receive holiday pay at one and one-half of their regular rate of payment for the following days:

- A. New Years Eve
- B. New Years Day
- C. Memorial Day
- D. Independence Day
- E. Labor Day
- F. Thanksgiving Day
- G. Christmas Eve
- H. Christmas Day

Section 2: Ordinance 26-17 created the position of Recruitment and Retention Coordinator to the Fire Department to be funded through the City's

RECORD OF ORDINANCES

0247

Dayton Legal Blank, Inc.

Form No. 30043

Ordinance No. \_\_\_\_\_ Passed \_\_\_\_\_, 20\_\_\_\_

SAFER grant monies. The rate of pay for this position shall be \$21.56 per hour. Since the position is not a full-time employee, the position is not eligible for longevity pay or health benefits.

Section 3: All other ordinances inconsistent herewith are repealed.

Section 4: This Ordinance shall take effect and be in full force and effect from and after the earliest period allowed by law.
